Jan. 4, 1996
[H.J. Res. 153]

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the following sums are hereby appropriated, out of the general fund and enterprise funds of the District of Columbia for the District of Columbia for the fiscal year 1996, and for other purposes, namely:

District of Columbia.

SEC. 101. (a) Such amounts as may be necessary under the authority and conditions provided in the applicable appropriations Act for the fiscal year 1995 for continuing projects or activities including the costs of direct loans and loan guarantees (not otherwise specifically provided for in this title of this joint resolution) which were conducted in the fiscal year 1995 and for which appropriations, funds, or other authority would be available in the following appropriations Act:

The District of Columbia Appropriations Act, 1996:

Provided, That whenever the amount which would be made available or the authority which would be granted in this Act is greater than that which would be available or granted under current operations, the pertinent project or activity shall be continued at a rate for operations not exceeding the current rate.

(b) Whenever the amount which would be made available or the authority which would be granted under the Act listed in this section as passed by the House as of the date of enactment of this joint resolution, is different from that which would be available or granted under such Act as passed by the Senate as of the date of enactment of this joint resolution, the pertinent project or activity shall be continued at a rate for operations not exceeding the current rate or the rate permitted by the action of the House or the Senate, whichever is lower, under the authority and conditions provided in the applicable appropriations Act for the fiscal year 1995: *Provided,* That where an item is not included in either version or where an item is included in only one version of the Act as passed by both Houses as of the date of enactment of this joint resolution, the pertinent project or activity shall not be continued except as provided for in section 111 or 112 under the appropriation, fund, or authority granted by the applicable appropriations Act for the fiscal year 1995 and under the authority and conditions provided in the applicable appropriations Act for the fiscal year 1995.

SEC. 102. Appropriations made by section 101 shall be available to the extent and in the manner which would be provided by the pertinent appropriations Act.

SEC. 103. No appropriation or funds made available or authority granted pursuant to section 101 shall be used to initiate or resume any project or activity for which appropriations, funds, or other authority were not available during the fiscal year 1995.

SEC. 104. No provision which is included in the appropriations Act enumerated in section 101 but which was not included in the applicable appropriations Act for fiscal year 1995 and which by its terms is applicable to more than one appropriation, fund, or authority shall be applicable to any appropriation, fund, or authority provided in this title of this joint resolution.

SEC. 105. Appropriations made and authority granted pursuant to this title of this joint resolution shall cover all obligations or expenditures incurred for any program, project, or activity during the period for which funds or authority for such project or activity are available under this title of this joint resolution.

Termination date.

SEC. 106. Unless otherwise provided for in this title of this joint resolution or in the applicable appropriations Act, appropriations and funds made available and authority granted pursuant to this title of this joint resolution shall be available until (a) enactment into law of an appropriation for any project or activity provided for in this title of this joint resolution, or (b) the enactment into law of the applicable appropriations Act by both Houses without any provision for such project or activity, or (c) January 25, 1996, whichever first occurs.

Abortion.

SEC. 107. Notwithstanding any other provision of this title of this joint resolution, except section 106, none of the funds appropriated under this title of this joint resolution shall be expended for any abortion except where the life of the mother would be endangered if the fetus were carried to term or where the pregnancy is the result of an act of rape or incest.

SEC. 108. Expenditures made pursuant to this title of this joint resolution shall be charged to the applicable appropriation, fund, or authorization whenever a bill in which such applicable appropriation, fund, or authorization is contained is enacted into law.

SEC. 109. No provision in the appropriations Act for the fiscal year 1996 referred to in section 101 of this title of this joint resolution that makes the availability of any appropriation provided therein dependent upon the enactment of additional authorizing or other legislation shall be effective before the date set forth in section 106(c) of this joint resolution.

SEC. 110. Appropriations and funds made available by or authority granted pursuant to this title of this joint resolution may be used without regard to the time limitations for submission and approval of apportionments set forth in section 1513 of title 31, United States Code, but nothing herein shall be construed to waive any other provision of law governing the apportionment of funds.

SEC. 111. Notwithstanding any other provision of this title of this joint resolution, except section 106, whenever the Act listed in section 101 as passed by both the House and Senate as of the date of enactment of this joint resolution, does not include funding for an ongoing project or activity for which there is a budget request, or whenever the rate for operations for an ongoing project or activity provided by section 101 for which there is a budget request would result in the project or activity being significantly reduced, the pertinent project or activity may be continued

under the authority and conditions provided in the applicable appropriations Act for the fiscal year 1995 by increasing the rate for operations provided by section 101 to a rate for operations not to exceed one that provides the minimal level that would enable existing activities to continue. No new contracts or grants shall be awarded in excess of an amount that bears the same ratio to the rate for operations provided by this section as the number of days covered by this resolution bears to 366. For the purposes of this title of this joint resolution the minimal level means a rate for operations that is reduced from the current rate by 25 percent.

SEC. 112. Notwithstanding any other provision of this title of this joint resolution, except section 106, whenever the rate for operations for any continuing project or activity provided by section 101 or section 111 for which there is a budget request would result in a furlough of Government employees, that rate for operations may be increased to the minimum level that would enable the furlough to be avoided. No new contracts or grants shall be awarded in excess of an amount that bears the same ratio to the rate for operations provided by this section as the number of days covered by this resolution bears to 366.

SEC. 113. Notwithstanding any other provision of this title of this joint resolution, except sections 106, 111, and 112, for those programs that had high initial rates of operation or complete distribution of funding at the beginning of the fiscal year in fiscal year 1995 because of distributions of funding to States, foreign countries, grantees, or others, similar distributions of funds for fiscal year 1996 shall not be made and no grants shall be awarded for such programs funded by this title of this resolution that would impinge on final funding prerogatives.

SEC. 114. This title of this joint resolution shall be implemented so that only the most limited funding action of that permitted in this title of this resolution shall be taken in order to provide for continuation of projects and activities.

SEC. 115. The provisions of section 132 of the District of Columbia Appropriations Act, 1988, Public Law 100–202, shall not apply for this title of this joint resolution.

Domestic partners.

SEC. 116. Notwithstanding any other provision of this title of this joint resolution, except section 106, none of the funds appropriated under this title of this joint resolution shall be used to implement or enforce any system of registration of unmarried, cohabiting couples whether they are homosexual, lesbian, heterosexual, including but not limited to registration for the purpose of extending employment, health, or governmental benefits to such couples on the same basis that such benefits are extended to legally married couples; nor shall any funds made available pursuant to any provision of this title of this joint resolution otherwise be

used to implement or enforce D.C. Act 9–188, signed by the Mayor of the District of Columbia on April 15, 1992.

Approved January 4, 1996.

The following sums are hereby appropriated, out of the general fund and enterprise funds of the District of Columbia for the District of Columbia for the fiscal year 1996, and for other purposes, namely:

SEC. 401. (a) Such amounts as may be necessary under the authority and conditions provided in the applicable appropriations Act for the fiscal year 1995 for continuing projects or activities including the costs of direct loans and loan guarantees (not otherwise specifically provided for in this title of this Act) which were conducted in the fiscal year 1995 and for which appropriations, funds, or other authority would be available in the following appropriations Act:

The District of Columbia Appropriations Act, 1996:

Provided, That whenever the amount which would be made available or the authority which would be granted in this Act is greater than that which would be available or granted under current operations, the pertinent project or activity shall be continued at a rate for operations not exceeding the current rate.

(b) Whenever the amount which would be made available or the authority which would be granted under the Act listed in this section as passed by the House as of the date of enactment of this Act, is different from that which would be available or granted under such Act as passed by the Senate as of the date of enactment of this Act, the pertinent project or activity shall be continued at a rate for operations not exceeding the current rate or the rate permitted by the action of the House or the Senate, whichever is lower, under the authority and conditions provided in the applicable appropriations Act for the fiscal year 1995: *Provided,* That where an item is not included in either version or where an item is included in only one version of the Act as passed by both Houses as of the date of enactment of this Act, the pertinent project or activity shall not be continued except as provided for in section 411 or 412 under the appropriation, fund, or authority granted by the applicable appropriations Act for the

fiscal year 1995 and under the authority and conditions provided in the applicable appropriations Act for the fiscal year 1995.

SEC. 402. Appropriations made by section 401 shall be available to the extent and in the manner which would be provided by the pertinent appropriations Act.

SEC. 403. No appropriation or funds made available or authority granted pursuant to section 401 shall be used to initiate or resume any project or activity for which appropriations, funds, or other authority were not available during the fiscal year 1995.

SEC. 404. No provision which is included in the appropriations Act enumerated in section 401 but which was not included in the applicable appropriations Act for fiscal year 1995 and which by its terms is applicable to more than one appropriation, fund, or authority shall be applicable to any appropriation, fund, or authority provided in this title of this Act.

SEC. 405. Appropriations made and authority granted pursuant to this title of this Act shall cover all obligations or expenditures incurred for any program, project, or activity during the period for which funds or authority for such project or activity are available under this title of this Act.

Termination date.

SEC. 406. Unless otherwise provided for in this title of this Act or in the applicable appropriations Act, appropriations and funds made available and authority granted pursuant to this title of this Act shall be available until (a) enactment into law of an appropriation for any project or activity provided for in this title of this Act, or (b) the enactment into law of the applicable appropriations Act by both Houses without any provision for such project or activity, or (c) September 30, 1996, whichever first occurs.

Abortion.

SEC. 407. Notwithstanding any other provision of this title of this Act, except section 406, none of the funds appropriated under this title of this Act shall be expended for any abortion except where the life of the mother would be endangered if the fetus were carried to term or where the pregnancy is the result of an act of rape or incest.

SEC. 408. Expenditures made pursuant to this title of this Act shall be charged to the applicable appropriation, fund, or authorization whenever a bill in which such applicable appropriation, fund, or authorization is contained is enacted into law.

SEC. 409. No provision in the appropriations Act for the fiscal year 1996 referred to in section 401 of this title of this Act that makes the availability of any appropriation provided therein dependent upon the enactment of additional authorizing or other legislation shall be effective before the date set forth in section 406(c) of this Act.

SEC. 410. Appropriations and funds made available by or authority granted pursuant to this title of this Act may be used without regard to the time limitations for submission and approval of apportionments set forth in section 1513 of title 31, United States Code, but nothing herein shall be construed to waive any other provision of law governing the apportionment of funds.

SEC. 411. Notwithstanding any other provision of this title of this Act, except section 406, whenever the Act listed in section 401 as passed by both the House and Senate as of the date of enactment of this Act does not include funding for an ongoing project or activity for which there is a budget request, or whenever the rate for operations for an ongoing project or activity provided by section 401 for which there is a budget request would result

in the project or activity being significantly reduced, the pertinent project or activity may be continued under the authority and conditions provided in the applicable appropriations Act for the fiscal year 1995 by increasing the rate for operations provided by section 401 to a rate for operations not to exceed one that provides the minimal level that would enable existing activities to continue. No new contracts or grants shall be awarded in excess of an amount that bears the same ratio to the rate for operations provided by this section as the number of days covered by this Act bears to 366. For the purposes of this title of this Act the minimal level means a rate for operations that is reduced from the current rate by 25 percent.

SEC. 412. Notwithstanding any other provision of this title of this Act, except section 406, whenever the rate for operations for any continuing project or activity provided by section 401 or section 411 for which there is a budget request would result in a furlough of Government employees, that rate for operations may be increased to the minimum level that would enable the furlough to be avoided. No new contracts or grants shall be awarded in excess of an amount that bears the same ratio to the rate for operations provided by this section as the number of days covered by this Act bears to 366.

SEC. 413. Notwithstanding any other provision of this title of this Act, except sections 406, 411, and 412, for those programs that had high initial rates of operation or complete distribution of funding at the beginning of the fiscal year in fiscal year 1995 because of distributions of funding to States, foreign countries, grantees, or others, similar distributions of funds for fiscal year 1996 shall not be made and no grants shall be awarded for such programs funded by this title of this Act that would impinge on final funding prerogatives.

SEC. 414. This title of this Act shall be implemented so that only the most limited funding action of that permitted in this title of this Act shall be taken in order to provide for continuation of projects and activities.

SEC. 415. The provisions of section 132 of the District of Columbia Appropriations Act, 1988, Public Law 100–202, shall not apply for this title of this Act.

Domestic partners.

SEC. 416. Notwithstanding any other provision of this title of this Act, except section 406, none of the funds appropriated under this title of this Act shall be used to implement or enforce any system or registration of unmarried, cohabiting couples whether they are homosexual, lesbian, heterosexual, including but not limited to registration for the purpose of extending employment, health, or governmental benefits to such couples on the same basis that such benefits are extended to legally married couples; nor shall any funds made available pursuant to any provision of this title of this Act otherwise be used to implement or enforce D.C. Act 9–188, signed by the Mayor of the District of Columbia on April 15, 1992.

(a) AMENDMENT.—Title II is amended by inserting after section 229 (47 U.S.C. 229) the following new part:

"PART II—DEVELOPMENT OF COMPETITIVE MARKETS

"SEC. 251. INTERCONNECTION. 47 USC 251.

"(a) GENERAL DUTY OF TELECOMMUNICATIONS CARRIERS.—Each telecommunications carrier has the duty—

"(1) to interconnect directly or indirectly with the facilities and equipment of other telecommunications carriers; and

"(2) not to install network features, functions, or capabilities that do not comply with the guidelines and standards established pursuant to section 255 or 256.

"(b) OBLIGATIONS OF ALL LOCAL EXCHANGE CARRIERS.—Each local exchange carrier has the following duties:

"(1) RESALE.—The duty not to prohibit, and not to impose unreasonable or discriminatory conditions or limitations on, the resale of its telecommunications services.

"(2) NUMBER PORTABILITY.—The duty to provide, to the extent technically feasible, number portability in accordance with requirements prescribed by the Commission.

"(3) DIALING PARITY.—The duty to provide dialing parity to competing providers of telephone exchange service and telephone toll service, and the duty to permit all such providers to have nondiscriminatory access to telephone numbers, operator services, directory assistance, and directory listing, with no unreasonable dialing delays.

"(4) ACCESS TO RIGHTS-OF-WAY.—The duty to afford access to the poles, ducts, conduits, and rights-of-way of such carrier to competing providers of telecommunications services on rates, terms, and conditions that are consistent with section 224.

"(5) RECIPROCAL COMPENSATION.—The duty to establish reciprocal compensation arrangements for the transport and termination of telecommunications.

"(c) ADDITIONAL OBLIGATIONS OF INCUMBENT LOCAL EXCHANGE CARRIERS.—In addition to the duties contained in subsection (b), each incumbent local exchange carrier has the following duties:

"(1) DUTY TO NEGOTIATE.—The duty to negotiate in good faith in accordance with section 252 the particular terms and conditions of agreements to fulfill the duties described in paragraphs (1) through (5) of subsection (b) and this subsection. The requesting telecommunications carrier also has the duty to negotiate in good faith the terms and conditions of such agreements.

"(2) INTERCONNECTION.—The duty to provide, for the facilities and equipment of any requesting telecommunications carrier, interconnection with the local exchange carrier's network—

"(A) for the transmission and routing of telephone exchange service and exchange access;

"(B) at any technically feasible point within the carrier's network;

"(C) that is at least equal in quality to that provided by the local exchange carrier to itself or to any subsidiary, affiliate, or any other party to which the carrier provides interconnection; and

"(D) on rates, terms, and conditions that are just, reasonable, and nondiscriminatory, in accordance with the terms and conditions of the agreement and the requirements of this section and section 252.

"(3) UNBUNDLED ACCESS.—The duty to provide, to any requesting telecommunications carrier for the provision of a telecommunications service, nondiscriminatory access to network elements on an unbundled basis at any technically feasible point on rates, terms, and conditions that are just, reasonable, and nondiscriminatory in accordance with the terms and conditions of the agreement and the requirements of this section and section 252. An incumbent local exchange carrier shall

provide such unbundled network elements in a manner that allows requesting carriers to combine such elements in order to provide such telecommunications service.

"(4) RESALE.—The duty—

"(A) to offer for resale at wholesale rates any telecommunications service that the carrier provides at retail to subscribers who are not telecommunications carriers; and

"(B) not to prohibit, and not to impose unreasonable or discriminatory conditions or limitations on, the resale of such telecommunications service, except that a State commission may, consistent with regulations prescribed by the Commission under this section, prohibit a reseller that obtains at wholesale rates a telecommunications service that is available at retail only to a category of subscribers from offering such service to a different category of subscribers.

"(5) NOTICE OF CHANGES.—The duty to provide reasonable public notice of changes in the information necessary for the transmission and routing of services using that local exchange carrier's facilities or networks, as well as of any other changes that would affect the interoperability of those facilities and networks.

"(6) COLLOCATION.—The duty to provide, on rates, terms, and conditions that are just, reasonable, and nondiscriminatory, for physical collocation of equipment necessary for interconnection or access to unbundled network elements at the premises of the local exchange carrier, except that the carrier may provide for virtual collocation if the local exchange carrier demonstrates to the State commission that physical collocation is not practical for technical reasons or because of space limitations.

"(d) IMPLEMENTATION.—

"(1) IN GENERAL.—Within 6 months after the date of enactment of the Telecommunications Act of 1996, the Commission shall complete all actions necessary to establish regulations to implement the requirements of this section. Regulations.

"(2) ACCESS STANDARDS.—In determining what network elements should be made available for purposes of subsection (c)(3), the Commission shall consider, at a minimum, whether—

"(A) access to such network elements as are proprietary in nature is necessary; and

"(B) the failure to provide access to such network elements would impair the ability of the telecommunications carrier seeking access to provide the services that it seeks to offer.

"(3) PRESERVATION OF STATE ACCESS REGULATIONS.—In prescribing and enforcing regulations to implement the requirements of this section, the Commission shall not preclude the enforcement of any regulation, order, or policy of a State commission that—

"(A) establishes access and interconnection obligations of local exchange carriers;

"(B) is consistent with the requirements of this section; and

"(C) does not substantially prevent implementation of the requirements of this section and the purposes of this part.

"(e) NUMBERING ADMINISTRATION.—

"(1) COMMISSION AUTHORITY AND JURISDICTION.—The Commission shall create or designate one or more impartial entities to administer telecommunications numbering and to make such numbers available on an equitable basis. The Commission shall have exclusive jurisdiction over those portions of the North American Numbering Plan that pertain to the United States. Nothing in this paragraph shall preclude the Commission from delegating to State commissions or other entities all or any portion of such jurisdiction.

"(2) COSTS.—The cost of establishing telecommunications numbering administration arrangements and number portability shall be borne by all telecommunications carriers on a competitively neutral basis as determined by the Commission.

"(f) EXEMPTIONS, SUSPENSIONS, AND MODIFICATIONS.—

"(1) EXEMPTION FOR CERTAIN RURAL TELEPHONE COMPANIES.—

"(A) EXEMPTION.—Subsection (c) of this section shall not apply to a rural telephone company until (i) such company has received a bona fide request for interconnection, services, or network elements, and (ii) the State commission determines (under subparagraph (B)) that such request is not unduly economically burdensome, is technically feasible, and is consistent with section 254 (other than subsections (b)(7) and (c)(1)(D) thereof).

"(B) STATE TERMINATION OF EXEMPTION AND IMPLEMENTATION SCHEDULE.—The party making a bona fide request of a rural telephone company for interconnection, services, or network elements shall submit a notice of its request to the State commission. The State commission shall conduct an inquiry for the purpose of determining whether to terminate the exemption under subparagraph (A). Within 120 days after the State commission receives notice of the request, the State commission shall terminate the exemption if the request is not unduly economically burdensome, is technically feasible, and is consistent with section 254 (other than subsections (b)(7) and (c)(1)(D) thereof). Upon termination of the exemption, a State commission shall establish an implementation schedule for compliance with the request that is consistent in time and manner with Commission regulations.

"(C) LIMITATION ON EXEMPTION.—The exemption provided by this paragraph shall not apply with respect to a request under subsection (c) from a cable operator providing video programming, and seeking to provide any telecommunications service, in the area in which the rural telephone company provides video programming. The limitation contained in this subparagraph shall not apply to a rural telephone company that is providing video programming on the date of enactment of the Telecommunications Act of 1996.

"(2) SUSPENSIONS AND MODIFICATIONS FOR RURAL CARRIERS.—A local exchange carrier with fewer than 2 percent of the Nation's subscriber lines installed in the aggregate

nationwide may petition a State commission for a suspension or modification of the application of a requirement or requirements of subsection (b) or (c) to telephone exchange service facilities specified in such petition. The State commission shall grant such petition to the extent that, and for such duration as, the State commission determines that such suspension or modification—

"(A) is necessary—

"(i) to avoid a significant adverse economic impact on users of telecommunications services generally;

"(ii) to avoid imposing a requirement that is unduly economically burdensome; or

"(iii) to avoid imposing a requirement that is technically infeasible; and

"(B) is consistent with the public interest, convenience, and necessity.

The State commission shall act upon any petition filed under this paragraph within 180 days after receiving such petition. Pending such action, the State commission may suspend enforcement of the requirement or requirements to which the petition applies with respect to the petitioning carrier or carriers.

"(g) CONTINUED ENFORCEMENT OF EXCHANGE ACCESS AND INTERCONNECTION REQUIREMENTS.—On and after the date of enactment of the Telecommunications Act of 1996, each local exchange carrier, to the extent that it provides wireline services, shall provide exchange access, information access, and exchange services for such access to interexchange carriers and information service providers in accordance with the same equal access and nondiscriminatory interconnection restrictions and obligations (including receipt of compensation) that apply to such carrier on the date immediately preceding the date of enactment of the Telecommunications Act of 1996 under any court order, consent decree, or regulation, order, or policy of the Commission, until such restrictions and obligations are explicitly superseded by regulations prescribed by the Commission after such date of enactment. During the period beginning on such date of enactment and until such restrictions and obligations are so superseded, such restrictions and obligations shall be enforceable in the same manner as regulations of the Commission.

"(h) DEFINITION OF INCUMBENT LOCAL EXCHANGE CARRIER.—

"(1) DEFINITION.—For purposes of this section, the term 'incumbent local exchange carrier' means, with respect to an area, the local exchange carrier that—

"(A) on the date of enactment of the Telecommunications Act of 1996, provided telephone exchange service in such area; and

"(B)(i) on such date of enactment, was deemed to be a member of the exchange carrier association pursuant to section 69.601(b) of the Commission's regulations (47 C.F.R. 69.601(b)); or

"(ii) is a person or entity that, on or after such date of enactment, became a successor or assign of a member described in clause (i).

"(2) TREATMENT OF COMPARABLE CARRIERS AS INCUMBENTS.—The Commission may, by rule, provide for the treatment of a local exchange carrier (or class or category thereof)

as an incumbent local exchange carrier for purposes of this section if—

"(A) such carrier occupies a position in the market for telephone exchange service within an area that is comparable to the position occupied by a carrier described in paragraph (1);

"(B) such carrier has substantially replaced an incumbent local exchange carrier described in paragraph (1); and

"(C) such treatment is consistent with the public interest, convenience, and necessity and the purposes of this section.

"(i) SAVINGS PROVISION.—Nothing in this section shall be construed to limit or otherwise affect the Commission's authority under section 201.

47 USC 252.

"SEC. 252. PROCEDURES FOR NEGOTIATION, ARBITRATION, AND APPROVAL OF AGREEMENTS.

"(a) AGREEMENTS ARRIVED AT THROUGH NEGOTIATION.—

"(1) VOLUNTARY NEGOTIATIONS.—Upon receiving a request for interconnection, services, or network elements pursuant to section 251, an incumbent local exchange carrier may negotiate and enter into a binding agreement with the requesting telecommunications carrier or carriers without regard to the standards set forth in subsections (b) and (c) of section 251. The agreement shall include a detailed schedule of itemized charges for interconnection and each service or network element included in the agreement. The agreement, including any interconnection agreement negotiated before the date of enactment of the Telecommunications Act of 1996, shall be submitted to the State commission under subsection (e) of this section.

"(2) MEDIATION.—Any party negotiating an agreement under this section may, at any point in the negotiation, ask a State commission to participate in the negotiation and to mediate any differences arising in the course of the negotiation.

"(b) AGREEMENTS ARRIVED AT THROUGH COMPULSORY ARBITRATION.—

"(1) ARBITRATION.—During the period from the 135th to the 160th day (inclusive) after the date on which an incumbent local exchange carrier receives a request for negotiation under this section, the carrier or any other party to the negotiation may petition a State commission to arbitrate any open issues.

"(2) DUTY OF PETITIONER.—

"(A) A party that petitions a State commission under paragraph (1) shall, at the same time as it submits the petition, provide the State commission all relevant documentation concerning—

"(i) the unresolved issues;

"(ii) the position of each of the parties with respect to those issues; and

"(iii) any other issue discussed and resolved by the parties.

"(B) A party petitioning a State commission under paragraph (1) shall provide a copy of the petition and any documentation to the other party or parties not later than the day on which the State commission receives the petition.

"(3) OPPORTUNITY TO RESPOND.—A non-petitioning party to a negotiation under this section may respond to the other party's petition and provide such additional information as it wishes within 25 days after the State commission receives the petition.

"(4) ACTION BY STATE COMMISSION.—

"(A) The State commission shall limit its consideration of any petition under paragraph (1) (and any response thereto) to the issues set forth in the petition and in the response, if any, filed under paragraph (3).

"(B) The State commission may require the petitioning party and the responding party to provide such information as may be necessary for the State commission to reach a decision on the unresolved issues. If any party refuses or fails unreasonably to respond on a timely basis to any reasonable request from the State commission, then the State commission may proceed on the basis of the best information available to it from whatever source derived.

"(C) The State commission shall resolve each issue set forth in the petition and the response, if any, by imposing appropriate conditions as required to implement subsection (c) upon the parties to the agreement, and shall conclude the resolution of any unresolved issues not later than 9 months after the date on which the local exchange carrier received the request under this section.

"(5) REFUSAL TO NEGOTIATE.—The refusal of any other party to the negotiation to participate further in the negotiations, to cooperate with the State commission in carrying out its function as an arbitrator, or to continue to negotiate in good faith in the presence, or with the assistance, of the State commission shall be considered a failure to negotiate in good faith.

"(c) STANDARDS FOR ARBITRATION.—In resolving by arbitration under subsection (b) any open issues and imposing conditions upon the parties to the agreement, a State commission shall—

"(1) ensure that such resolution and conditions meet the requirements of section 251, including the regulations prescribed by the Commission pursuant to section 251;

"(2) establish any rates for interconnection, services, or network elements according to subsection (d); and

"(3) provide a schedule for implementation of the terms and conditions by the parties to the agreement.

"(d) PRICING STANDARDS.—

"(1) INTERCONNECTION AND NETWORK ELEMENT CHARGES.—Determinations by a State commission of the just and reasonable rate for the interconnection of facilities and equipment for purposes of subsection (c)(2) of section 251, and the just and reasonable rate for network elements for purposes of subsection (c)(3) of such section—

"(A) shall be—

"(i) based on the cost (determined without reference to a rate-of-return or other rate-based proceeding) of providing the interconnection or network element (whichever is applicable), and

"(ii) nondiscriminatory, and

"(B) may include a reasonable profit.

"(2) CHARGES FOR TRANSPORT AND TERMINATION OF TRAFFIC.—

"(A) IN GENERAL.—For the purposes of compliance by an incumbent local exchange carrier with section 251(b)(5), a State commission shall not consider the terms and conditions for reciprocal compensation to be just and reasonable unless—

"(i) such terms and conditions provide for the mutual and reciprocal recovery by each carrier of costs associated with the transport and termination on each carrier's network facilities of calls that originate on the network facilities of the other carrier; and

"(ii) such terms and conditions determine such costs on the basis of a reasonable approximation of the additional costs of terminating such calls.

"(B) RULES OF CONSTRUCTION.—This paragraph shall not be construed—

"(i) to preclude arrangements that afford the mutual recovery of costs through the offsetting of reciprocal obligations, including arrangements that waive mutual recovery (such as bill-and-keep arrangements); or

"(ii) to authorize the Commission or any State commission to engage in any rate regulation proceeding to establish with particularity the additional costs of transporting or terminating calls, or to require carriers to maintain records with respect to the additional costs of such calls.

"(3) WHOLESALE PRICES FOR TELECOMMUNICATIONS SERVICES.—For the purposes of section 251(c)(4), a State commission shall determine wholesale rates on the basis of retail rates charged to subscribers for the telecommunications service requested, excluding the portion thereof attributable to any marketing, billing, collection, and other costs that will be avoided by the local exchange carrier.

"(e) APPROVAL BY STATE COMMISSION.—

"(1) APPROVAL REQUIRED.—Any interconnection agreement adopted by negotiation or arbitration shall be submitted for approval to the State commission. A State commission to which an agreement is submitted shall approve or reject the agreement, with written findings as to any deficiencies.

"(2) GROUNDS FOR REJECTION.—The State commission may only reject—

"(A) an agreement (or any portion thereof) adopted by negotiation under subsection (a) if it finds that—

"(i) the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement; or

"(ii) the implementation of such agreement or portion is not consistent with the public interest, convenience, and necessity; or

"(B) an agreement (or any portion thereof) adopted by arbitration under subsection (b) if it finds that the agreement does not meet the requirements of section 251, including the regulations prescribed by the Commission pursuant to section 251, or the standards set forth in subsection (d) of this section.

"(3) PRESERVATION OF AUTHORITY.—Notwithstanding paragraph (2), but subject to section 253, nothing in this section shall prohibit a State commission from establishing or enforcing other requirements of State law in its review of an agreement, including requiring compliance with intrastate telecommunications service quality standards or requirements.

"(4) SCHEDULE FOR DECISION.—If the State commission does not act to approve or reject the agreement within 90 days after submission by the parties of an agreement adopted by negotiation under subsection (a), or within 30 days after submission by the parties of an agreement adopted by arbitration under subsection (b), the agreement shall be deemed approved. No State court shall have jurisdiction to review the action of a State commission in approving or rejecting an agreement under this section.

"(5) COMMISSION TO ACT IF STATE WILL NOT ACT.—If a State commission fails to act to carry out its responsibility under this section in any proceeding or other matter under this section, then the Commission shall issue an order preempting the State commission's jurisdiction of that proceeding or matter within 90 days after being notified (or taking notice) of such failure, and shall assume the responsibility of the State commission under this section with respect to the proceeding or matter and act for the State commission.

"(6) REVIEW OF STATE COMMISSION ACTIONS.—In a case in which a State fails to act as described in paragraph (5), the proceeding by the Commission under such paragraph and any judicial review of the Commission's actions shall be the exclusive remedies for a State commission's failure to act. In any case in which a State commission makes a determination under this section, any party aggrieved by such determination may bring an action in an appropriate Federal district court to determine whether the agreement or statement meets the requirements of section 251 and this section.

"(f) STATEMENTS OF GENERALLY AVAILABLE TERMS.—

"(1) IN GENERAL.—A Bell operating company may prepare and file with a State commission a statement of the terms and conditions that such company generally offers within that State to comply with the requirements of section 251 and the regulations thereunder and the standards applicable under this section.

"(2) STATE COMMISSION REVIEW.—A State commission may not approve such statement unless such statement complies with subsection (d) of this section and section 251 and the regulations thereunder. Except as provided in section 253, nothing in this section shall prohibit a State commission from establishing or enforcing other requirements of State law in its review of such statement, including requiring compliance with intrastate telecommunications service quality standards or requirements.

"(3) SCHEDULE FOR REVIEW.—The State commission to which a statement is submitted shall, not later than 60 days after the date of such submission—

"(A) complete the review of such statement under paragraph (2) (including any reconsideration thereof), unless the submitting carrier agrees to an extension of the period for such review; or

"(B) permit such statement to take effect.

"(4) AUTHORITY TO CONTINUE REVIEW.—Paragraph (3) shall not preclude the State commission from continuing to review a statement that has been permitted to take effect under subparagraph (B) of such paragraph or from approving or disapproving such statement under paragraph (2).

"(5) DUTY TO NEGOTIATE NOT AFFECTED.—The submission or approval of a statement under this subsection shall not relieve a Bell operating company of its duty to negotiate the terms and conditions of an agreement under section 251.

"(g) CONSOLIDATION OF STATE PROCEEDINGS.—Where not inconsistent with the requirements of this Act, a State commission may, to the extent practical, consolidate proceedings under sections 214(e), 251(f), 253, and this section in order to reduce administrative burdens on telecommunications carriers, other parties to the proceedings, and the State commission in carrying out its responsibilities under this Act.

Public information.

"(h) FILING REQUIRED.—A State commission shall make a copy of each agreement approved under subsection (e) and each statement approved under subsection (f) available for public inspection and copying within 10 days after the agreement or statement is approved. The State commission may charge a reasonable and nondiscriminatory fee to the parties to the agreement or to the party filing the statement to cover the costs of approving and filing such agreement or statement.

"(i) AVAILABILITY TO OTHER TELECOMMUNICATIONS CARRIERS.—A local exchange carrier shall make available any interconnection, service, or network element provided under an agreement approved under this section to which it is a party to any other requesting telecommunications carrier upon the same terms and conditions as those provided in the agreement.

"(j) DEFINITION OF INCUMBENT LOCAL EXCHANGE CARRIER.—For purposes of this section, the term 'incumbent local exchange carrier' has the meaning provided in section 251(h).

47 USC 253.

"SEC. 253. REMOVAL OF BARRIERS TO ENTRY.

"(a) IN GENERAL.—No State or local statute or regulation, or other State or local legal requirement, may prohibit or have the effect of prohibiting the ability of any entity to provide any interstate or intrastate telecommunications service.

"(b) STATE REGULATORY AUTHORITY.—Nothing in this section shall affect the ability of a State to impose, on a competitively neutral basis and consistent with section 254, requirements necessary to preserve and advance universal service, protect the public safety and welfare, ensure the continued quality of telecommunications services, and safeguard the rights of consumers.

"(c) STATE AND LOCAL GOVERNMENT AUTHORITY.—Nothing in this section affects the authority of a State or local government to manage the public rights-of-way or to require fair and reasonable compensation from telecommunications providers, on a competitively neutral and nondiscriminatory basis, for use of public rights-of-way on a nondiscriminatory basis, if the compensation required is publicly disclosed by such government.

"(d) PREEMPTION.—If, after notice and an opportunity for public comment, the Commission determines that a State or local government has permitted or imposed any statute, regulation, or legal requirement that violates subsection (a) or (b), the Commission

shall preempt the enforcement of such statute, regulation, or legal requirement to the extent necessary to correct such violation or inconsistency.

"(e) COMMERCIAL MOBILE SERVICE PROVIDERS.—Nothing in this section shall affect the application of section 332(c)(3) to commercial mobile service providers.

"(f) RURAL MARKETS.—It shall not be a violation of this section for a State to require a telecommunications carrier that seeks to provide telephone exchange service or exchange access in a service area served by a rural telephone company to meet the requirements in section 214(e)(1) for designation as an eligible telecommunications carrier for that area before being permitted to provide such service. This subsection shall not apply—

"(1) to a service area served by a rural telephone company that has obtained an exemption, suspension, or modification of section 251(c)(4) that effectively prevents a competitor from meeting the requirements of section 214(e)(1); and

"(2) to a provider of commercial mobile services.

"SEC. 254. UNIVERSAL SERVICE. 47 USC 254.

"(a) PROCEDURES TO REVIEW UNIVERSAL SERVICE REQUIREMENTS.—

"(1) FEDERAL-STATE JOINT BOARD ON UNIVERSAL SERVICE.—Within one month after the date of enactment of the Telecommunications Act of 1996, the Commission shall institute and refer to a Federal-State Joint Board under section 410(c) a proceeding to recommend changes to any of its regulations in order to implement sections 214(e) and this section, including the definition of the services that are supported by Federal universal service support mechanisms and a specific timetable for completion of such recommendations. In addition to the members of the Joint Board required under section 410(c), one member of such Joint Board shall be a State-appointed utility consumer advocate nominated by a national organization of State utility consumer advocates. The Joint Board shall, after notice and opportunity for public comment, make its recommendations to the Commission 9 months after the date of enactment of the Telecommunications Act of 1996.

"(2) COMMISSION ACTION.—The Commission shall initiate a single proceeding to implement the recommendations from the Joint Board required by paragraph (1) and shall complete such proceeding within 15 months after the date of enactment of the Telecommunications Act of 1996. The rules established by such proceeding shall include a definition of the services that are supported by Federal universal service support mechanisms and a specific timetable for implementation. Thereafter, the Commission shall complete any proceeding to implement subsequent recommendations from any Joint Board on universal service within one year after receiving such recommendations.

"(b) UNIVERSAL SERVICE PRINCIPLES.—The Joint Board and the Commission shall base policies for the preservation and advancement of universal service on the following principles:

"(1) QUALITY AND RATES.—Quality services should be available at just, reasonable, and affordable rates.

"(2) ACCESS TO ADVANCED SERVICES.—Access to advanced telecommunications and information services should be provided in all regions of the Nation.

"(3) ACCESS IN RURAL AND HIGH COST AREAS.—Consumers in all regions of the Nation, including low-income consumers and those in rural, insular, and high cost areas, should have access to telecommunications and information services, including interexchange services and advanced telecommunications and information services, that are reasonably comparable to those services provided in urban areas and that are available at rates that are reasonably comparable to rates charged for similar services in urban areas.

"(4) EQUITABLE AND NONDISCRIMINATORY CONTRIBUTIONS.—All providers of telecommunications services should make an equitable and nondiscriminatory contribution to the preservation and advancement of universal service.

"(5) SPECIFIC AND PREDICTABLE SUPPORT MECHANISMS.—There should be specific, predictable and sufficient Federal and State mechanisms to preserve and advance universal service.

"(6) ACCESS TO ADVANCED TELECOMMUNICATIONS SERVICES FOR SCHOOLS, HEALTH CARE, AND LIBRARIES.—Elementary and secondary schools and classrooms, health care providers, and libraries should have access to advanced telecommunications services as described in subsection (h).

"(7) ADDITIONAL PRINCIPLES.—Such other principles as the Joint Board and the Commission determine are necessary and appropriate for the protection of the public interest, convenience, and necessity and are consistent with this Act.

"(c) DEFINITION.—

"(1) IN GENERAL.—Universal service is an evolving level of telecommunications services that the Commission shall establish periodically under this section, taking into account advances in telecommunications and information technologies and services. The Joint Board in recommending, and the Commission in establishing, the definition of the services that are supported by Federal universal service support mechanisms shall consider the extent to which such telecommunications services—

"(A) are essential to education, public health, or public safety;

"(B) have, through the operation of market choices by customers, been subscribed to by a substantial majority of residential customers;

"(C) are being deployed in public telecommunications networks by telecommunications carriers; and

"(D) are consistent with the public interest, convenience, and necessity.

"(2) ALTERATIONS AND MODIFICATIONS.—The Joint Board may, from time to time, recommend to the Commission modifications in the definition of the services that are supported by Federal universal service support mechanisms.

"(3) SPECIAL SERVICES.—In addition to the services included in the definition of universal service under paragraph (1), the Commission may designate additional services for such support mechanisms for schools, libraries, and health care providers for the purposes of subsection (h).

"(d) TELECOMMUNICATIONS CARRIER CONTRIBUTION.—Every telecommunications carrier that provides interstate telecommunications services shall contribute, on an equitable and nondiscriminatory basis, to the specific, predictable, and sufficient mechanisms established by the Commission to preserve and advance universal service. The Commission may exempt a carrier or class of carriers from this requirement if the carrier's telecommunications activities are limited to such an extent that the level of such carrier's contribution to the preservation and advancement of universal service would be de minimis. Any other provider of interstate telecommunications may be required to contribute to the preservation and advancement of universal service if the public interest so requires.

"(e) UNIVERSAL SERVICE SUPPORT.—After the date on which Commission regulations implementing this section take effect, only an eligible telecommunications carrier designated under section 214(e) shall be eligible to receive specific Federal universal service support. A carrier that receives such support shall use that support only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. Any such support should be explicit and sufficient to achieve the purposes of this section.

"(f) STATE AUTHORITY.—A State may adopt regulations not inconsistent with the Commission's rules to preserve and advance universal service. Every telecommunications carrier that provides intrastate telecommunications services shall contribute, on an equitable and nondiscriminatory basis, in a manner determined by the State to the preservation and advancement of universal service in that State. A State may adopt regulations to provide for additional definitions and standards to preserve and advance universal service within that State only to the extent that such regulations adopt additional specific, predictable, and sufficient mechanisms to support such definitions or standards that do not rely on or burden Federal universal service support mechanisms.

"(g) INTEREXCHANGE AND INTERSTATE SERVICES.—Within 6 months after the date of enactment of the Telecommunications Act of 1996, the Commission shall adopt rules to require that the rates charged by providers of interexchange telecommunications services to subscribers in rural and high cost areas shall be no higher than the rates charged by each such provider to its subscribers in urban areas. Such rules shall also require that a provider of interstate interexchange telecommunications services shall provide such services to its subscribers in each State at rates no higher than the rates charged to its subscribers in any other State.

A telecommunications carrier providing service under this paragraph shall be entitled to have an amount equal to the difference, if any,

between the rates for services provided to health care providers for rural areas in a State and the rates for similar services provided to other customers in comparable rural areas in that State treated as a service obligation as a part of its obligation to participate in the mechanisms to preserve and advance universal service.

"(B) EDUCATIONAL PROVIDERS AND LIBRARIES.—All telecommunications carriers serving a geographic area shall, upon a bona fide request for any of its services that are within the definition of universal service under subsection (c)(3), provide such services to elementary schools, secondary schools, and libraries for educational purposes at rates less than the amounts charged for similar services to other parties. The discount shall be an amount that the Commission, with respect to interstate services, and the States, with respect to intrastate services, determine is appropriate and necessary to ensure affordable access to and use of such services by such entities. A telecommunications carrier providing service under this paragraph shall—

"(i) have an amount equal to the amount of the discount treated as an offset to its obligation to contribute to the mechanisms to preserve and advance universal service, or

"(ii) notwithstanding the provisions of subsection (e) of this section, receive reimbursement utilizing the support mechanisms to preserve and advance universal service.

"(2) ADVANCED SERVICES.—The Commission shall establish competitively neutral rules—

"(A) to enhance, to the extent technically feasible and economically reasonable, access to advanced telecommunications and information services for all public and nonprofit elementary and secondary school classrooms, health care providers, and libraries; and

"(B) to define the circumstances under which a telecommunications carrier may be required to connect its network to such public institutional telecommunications users.

"(3) TERMS AND CONDITIONS.—Telecommunications services and network capacity provided to a public institutional telecommunications user under this subsection may not be sold, resold, or otherwise transferred by such user in consideration for money or any other thing of value.

"(4) ELIGIBILITY OF USERS.—No entity listed in this subsection shall be entitled to preferential rates or treatment as required by this subsection, if such entity operates as a for-profit business, is a school described in paragraph (5)(A) with an endowment of more than $50,000,000, or is a library not eligible for participation in State-based plans for funds under title III of the Library Services and Construction Act (20 U.S.C. 335c et seq.).

"(k) SUBSIDY OF COMPETITIVE SERVICES PROHIBITED.—A telecommunications carrier may not use services that are not competitive to subsidize services that are subject to competition. The Commission, with respect to interstate services, and the States, with respect to intrastate services, shall establish any necessary cost allocation rules, accounting safeguards, and guidelines to ensure that services included in the definition of universal service bear no more than a reasonable share of the joint and common costs of facilities used to provide those services.

"(a) PROHIBITION.—No telecommunications carrier shall submit or execute a change in a subscriber's selection of a provider of telephone exchange service or telephone toll service except in accordance with such verification procedures as the Commission shall prescribe. Nothing in this section shall preclude any State commission from enforcing such procedures with respect to intrastate services.

The remedies provided by this subsection are in addition to any other remedies available by law.

"SEC. 259. INFRASTRUCTURE SHARING. 47 USC 259.

(a) IN GENERAL.—Section 214 (47 U.S.C. 214) is amended by adding at the end thereof the following new subsection:

"(e) PROVISION OF UNIVERSAL SERVICE.—

"(1) ELIGIBLE TELECOMMUNICATIONS CARRIERS.—A common carrier designated as an eligible telecommunications carrier under paragraph (2) or (3) shall be eligible to receive universal service support in accordance with section 254 and shall, throughout the service area for which the designation is received—

"(A) offer the services that are supported by Federal universal service support mechanisms under section 254(c), either using its own facilities or a combination of its own facilities and resale of another carrier's services (including the services offered by another eligible telecommunications carrier); and

"(B) advertise the availability of such services and the charges therefor using media of general distribution.

"(2) DESIGNATION OF ELIGIBLE TELECOMMUNICATIONS CARRIERS.—A State commission shall upon its own motion or upon request designate a common carrier that meets the requirements of paragraph (1) as an eligible telecommunications carrier for a service area designated by the State commission. Upon request and consistent with the public interest, convenience, and necessity, the State commission may, in the case of an area served by a rural telephone company, and shall, in the case of all other areas, designate more than one common carrier as an eligible telecommunications carrier for a service area designated by the State commission, so long as each additional requesting carrier meets the requirements of paragraph (1). Before designating an additional eligible telecommunications carrier for an area served by a rural telephone company, the State commission shall find that the designation is in the public interest.

"(3) DESIGNATION OF ELIGIBLE TELECOMMUNICATIONS CARRIERS FOR UNSERVED AREAS.—If no common carrier will provide the services that are supported by Federal universal service support mechanisms under section 254(c) to an unserved community or any portion thereof that requests such service, the Commission, with respect to interstate services, or a State commission, with respect to intrastate services, shall determine which common carrier or carriers are best able to provide such service to the requesting unserved community or portion thereof and shall order such carrier or carriers to provide such service for that unserved community or portion thereof. An eligible telecommunications carrier that seeks to relinquish its eligible telecommunications carrier designation for an area served by more than one eligible telecommunications carrier shall give advance notice to the State commission of such relinquishment. Prior to permitting a telecommunications carrier designated as an eligible telecommunications carrier to cease providing universal service in an area served by more than one eligible telecommunications carrier, the State commission shall require the remaining eligible telecommunications carrier or carriers to ensure that all customers served by the relinquishing carrier will continue to be served, and shall require sufficient notice to permit the purchase or construction of adequate facilities by any remaining eligible telecommunications carrier. The State commission shall establish a time, not to exceed one year after the State commission approves such relinquishment under this paragraph, within which such purchase or construction shall be completed.

"(5) SERVICE AREA DEFINED.—The term 'service area' means a geographic area established by a State commission for the purpose of determining universal service obligations and support mechanisms. In the case of an area served by a rural telephone company, 'service area' means such company's 'study area' unless and until the Commission and the States, after taking into account recommendations of a Federal-State Joint Board instituted under section 410(c), establish a different definition of service area for such company.".

Nothing in this subparagraph precludes a State from issuing an order requiring intraLATA toll dialing parity in that State prior to either such date so long as such order does not take effect until after the earlier of either such dates.

"(f) EXCEPTION FOR PREVIOUSLY AUTHORIZED ACTIVITIES.—Neither subsection (a) nor section 273 shall prohibit a Bell operating company or affiliate from engaging, at any time after the date of enactment of the Telecommunications Act of 1996, in any activity to the extent authorized by, and subject to the terms and conditions contained in, an order entered by the United States District Court for the District of Columbia pursuant to section VII or VIII(C) of the AT&T Consent Decree if such order was entered on or before such date of enactment, to the extent such order is not reversed or vacated on appeal. "(g) DEFINITION OF INCIDENTAL INTERLATA SERVICES.—For purposes of this section, the term 'incidental interLATA services' means the interLATA provision by a Bell operating company or its affiliate—

Section 307(c) (47 U.S.C. 307(c)) is amended to read as follows:

"(c) TERMS OF LICENSES.—

"(1) INITIAL AND RENEWAL LICENSES.—Each license granted for the operation of a broadcasting station shall be for a term of not to exceed 8 years. Upon application therefor, a renewal of such license may be granted from time to time for a term of not to exceed 8 years from the date of expiration of the preceding license, if the Commission finds that public interest, convenience, and necessity would be served thereby. Consistent with the foregoing provisions of this subsection, the Commission may by rule prescribe the period or periods for which licenses shall be granted and renewed for particular classes of stations, but the Commission may not adopt or follow any rule which would preclude it, in any case involving a station of a particular class, from granting or renewing a license for a shorter period than that prescribed for stations of such class if, in its judgment, the public interest, convenience, or necessity would be served by such action.

"(2) MATERIALS IN APPLICATION.—In order to expedite action on applications for renewal of broadcasting station licenses and in order to avoid needless expense to applicants for such renewals, the Commission shall not require any such applicant to file any information which previously has been furnished to the Commission or which is not directly material to the considerations that affect the granting or denial of such application, but the Commission may require any new or additional facts it deems necessary to make its findings.

"(3) CONTINUATION PENDING DECISION.—Pending any hearing and final decision on such an application and the disposition of any petition for rehearing pursuant to section 405, the Commission shall continue such license in effect.".

"(A) the station has served the public interest, convenience, and necessity;

"(B) there have been no serious violations by the licensee of this Act or the rules and regulations of the Commission; and

"(C) there have been no other violations by the licensee of this Act or the rules and regulations of the Commission which, taken together, would constitute a pattern of abuse.

"(2) CONSEQUENCE OF FAILURE TO MEET STANDARD.—If any licensee of a broadcast station fails to meet the requirements of this subsection, the Commission may deny the application for renewal in accordance with paragraph (3), or grant such application on terms and conditions as are appropriate, including renewal for a term less than the maximum otherwise permitted.

"(3) STANDARDS FOR DENIAL.—If the Commission determines, after notice and opportunity for a hearing as provided in subsection (e), that a licensee has failed to meet the requirements specified in paragraph (1) and that no mitigating factors justify the imposition of lesser sanctions, the Commission shall—

"(A) issue an order denying the renewal application filed by such licensee under section 308; and

"(B) only thereafter accept and consider such applications for a construction permit as may be filed under section 308 specifying the channel or broadcasting facilities of the former licensee.

"(4) COMPETITOR CONSIDERATION PROHIBITED.—In making the determinations specified in paragraph (1) or (2), the Commission shall not consider whether the public interest, convenience, and necessity might be served by the grant of a license to a person other than the renewal applicant.".

(2) CONFORMING AMENDMENT.—Section 309(d) (47 U.S.C. 309(d)) is amended by inserting after "with subsection (a)" each place it appears the following: "(or subsection (k) in the case of renewal of any broadcast station license)".

If the Commission approves such carrier's certification under section 653, such carrier shall be subject to the requirements of this part, but shall be subject to parts I through IV of this title only as provided in 653(c).

"(b) LIMITATIONS ON INTERCONNECTION OBLIGATIONS.—A local exchange carrier that provides cable service through an open video system or a cable system shall not be required, pursuant to title II of this Act, to make capacity available on a nondiscriminatory basis to any other person for the provision of cable service directly to subscribers.

"(c) ADDITIONAL REGULATORY RELIEF.—A common carrier shall not be required to obtain a certificate under section 214 with respect to the establishment or operation of a system for the delivery of video programming.

"SEC. 652. PROHIBITION ON BUY OUTS. 47 USC 572.

"(a) ACQUISITIONS BY CARRIERS.—No local exchange carrier or any affiliate of such carrier owned by, operated by, controlled by, or under common control with such carrier may purchase or otherwise acquire directly or indirectly more than a 10 percent financial interest, or any management interest, in any cable operator providing cable service within the local exchange carrier's telephone service area.

"(b) ACQUISITIONS BY CABLE OPERATORS.—No cable operator or affiliate of a cable operator that is owned by, operated by, controlled by, or under common ownership with such cable operator may purchase or otherwise acquire, directly or indirectly, more than a 10 percent financial interest, or any management interest, in any local exchange carrier providing telephone exchange service within such cable operator's franchise area.

"(c) JOINT VENTURES.—A local exchange carrier and a cable operator whose telephone service area and cable franchise area, respectively, are in the same market may not enter into any joint venture or partnership to provide video programming directly to

subscribers or to provide telecommunications services within such market.

"(d) EXCEPTIONS.—

"(1) RURAL SYSTEMS.—Notwithstanding subsections (a), (b), and (c) of this section, a local exchange carrier (with respect to a cable system located in its telephone service area) and a cable operator (with respect to the facilities of a local exchange carrier used to provide telephone exchange service in its cable franchise area) may obtain a controlling interest in, management interest in, or enter into a joint venture or partnership with the operator of such system or facilities for the use of such system or facilities to the extent that—

"(A) such system or facilities only serve incorporated or unincorporated—

"(i) places or territories that have fewer than 35,000 inhabitants; and

"(ii) are outside an urbanized area, as defined by the Bureau of the Census; and

"(B) in the case of a local exchange carrier, such system, in the aggregate with any other system in which such carrier has an interest, serves less than 10 percent of the households in the telephone service area of such carrier.

"(2) JOINT USE.—Notwithstanding subsection (c), a local exchange carrier may obtain, with the concurrence of the cable operator on the rates, terms, and conditions, the use of that part of the transmission facilities of a cable system extending from the last multi-user terminal to the premises of the end user, if such use is reasonably limited in scope and duration, as determined by the Commission.

"(3) ACQUISITIONS IN COMPETITIVE MARKETS.—Notwithstanding subsections (a) and (c), a local exchange carrier may obtain a controlling interest in, or form a joint venture or other partnership with, or provide financing to, a cable system (hereinafter in this paragraph referred to as 'the subject cable system'), if—

"(A) the subject cable system operates in a television market that is not in the top 25 markets, and such market has more than 1 cable system operator, and the subject cable system is not the cable system with the most subscribers in such television market;

"(B) the subject cable system and the cable system with the most subscribers in such television market held on May 1, 1995, cable television franchises from the largest municipality in the television market and the boundaries of such franchises were identical on such date;

"(C) the subject cable system is not owned by or under common ownership or control of any one of the 50 cable system operators with the most subscribers as such operators existed on May 1, 1995; and

"(D) the system with the most subscribers in the television market is owned by or under common ownership or control of any one of the 10 largest cable system operators as such operators existed on May 1, 1995.

"(4) EXEMPT CABLE SYSTEMS.—Subsection (a) does not apply to any cable system if—

"(A) the cable system serves no more than 17,000 cable subscribers, of which no less than 8,000 live within an urban area, and no less than 6,000 live within a nonurbanized area as of June 1, 1995;

"(B) the cable system is not owned by, or under common ownership or control with, any of the 50 largest cable system operators in existence on June 1, 1995; and

"(C) the cable system operates in a television market that was not in the top 100 television markets as of June 1, 1995.

"(5) SMALL CABLE SYSTEMS IN NONURBAN AREAS.—Notwithstanding subsections (a) and (c), a local exchange carrier with less than $100,000,000 in annual operating revenues (or any affiliate of such carrier owned by, operated by, controlled by, or under common control with such carrier) may purchase or otherwise acquire more than a 10 percent financial interest in, or any management interest in, or enter into a joint venture or partnership with, any cable system within the local exchange carrier's telephone service area that serves no more than 20,000 cable subscribers, if no more than 12,000 of those subscribers live within an urbanized area, as defined by the Bureau of the Census.

"(6) WAIVERS.—The Commission may waive the restrictions of subsections (a), (b), or (c) only if—

"(A) the Commission determines that, because of the nature of the market served by the affected cable system or facilities used to provide telephone exchange service—

"(i) the affected cable operator or local exchange carrier would be subjected to undue economic distress by the enforcement of such provisions;

"(ii) the system or facilities would not be economically viable if such provisions were enforced; or

"(iii) the anticompetitive effects of the proposed transaction are clearly outweighed in the public interest by the probable effect of the transaction in meeting the convenience and needs of the community to be served; and

"(B) the local franchising authority approves of such waiver.

"(e) DEFINITION OF TELEPHONE SERVICE AREA.—For purposes of this section, the term 'telephone service area' when used in connection with a common carrier subject in whole or in part to title II of this Act means the area within which such carrier provided telephone exchange service as of January 1, 1993, but if any common carrier after such date transfers its telephone exchange service facilities to another common carrier, the area to which such facilities provide telephone exchange service shall be treated as part of the telephone service area of the acquiring common carrier and not of the selling common carrier.

"SEC. 653. ESTABLISHMENT OF OPEN VIDEO SYSTEMS. 47 USC 573.

"(a) OPEN VIDEO SYSTEMS.—

"(1) CERTIFICATES OF COMPLIANCE.—A local exchange carrier may provide cable service to its cable service subscribers in its telephone service area through an open video system that complies with this section. To the extent permitted by such regulations as the Commission may prescribe consistent

with the public interest, convenience, and necessity, an operator of a cable system or any other person may provide video programming through an open video system that complies with this section. An operator of an open video system shall qualify for reduced regulatory burdens under subsection (c) of this section if the operator of such system certifies to the Commission that such carrier complies with the Commission's regulations under subsection (b) and the Commission approves such certification. The Commission shall publish notice of the receipt of any such certification and shall act to approve or disapprove any such certification within 10 days after receipt of such certification.

Publication.

Any aggrieved party may seek any other remedy available under this Act.

"(b) COMMISSION ACTIONS.—

"(1) REGULATIONS REQUIRED.—Within 6 months after the date of enactment of the Telecommunications Act of 1996, the Commission shall complete all actions necessary (including any reconsideration) to prescribe regulations that—

"(A) except as required pursuant to section 611, 614, or 615, prohibit an operator of an open video system from discriminating among video programming providers with regard to carriage on its open video system, and ensure that the rates, terms, and conditions for such carriage are just and reasonable, and are not unjustly or unreasonably discriminatory;

"(B) if demand exceeds the channel capacity of the open video system, prohibit an operator of an open video system and its affiliates from selecting the video programming services for carriage on more than one-third of the activated channel capacity on such system, but nothing in this subparagraph shall be construed to limit the number of channels that the carrier and its affiliates may offer to provide directly to subscribers;

"(C) permit an operator of an open video system to carry on only one channel any video programming service that is offered by more than one video programming provider (including the local exchange carrier's video programming affiliate): *Provided,* That subscribers have ready and immediate access to any such video programming service;

"(D) extend to the distribution of video programming over open video systems the Commission's regulations concerning sports exclusivity (47 C.F.R. 76.67), network nonduplication (47 C.F.R. 76.92 et seq.), and syndicated exclusivity (47 C.F.R. 76.151 et seq.); and

"(E)(i) prohibit an operator of an open video system from unreasonably discriminating in favor of the operator or its affiliates with regard to material or information (including advertising) provided by the operator to subscrib-

ers for the purposes of selecting programming on the open video system, or in the way such material or information is presented to subscribers;

"(ii) require an operator of an open video system to ensure that video programming providers or copyright holders (or both) are able suitably and uniquely to identify their programming services to subscribers;

"(iii) if such identification is transmitted as part of the programming signal, require the carrier to transmit such identification without change or alteration; and

"(iv) prohibit an operator of an open video system from omitting television broadcast stations or other unaffiliated video programming services carried on such system from any navigational device, guide, or menu.

"(2) CONSUMER ACCESS.—Subject to the requirements of paragraph (1) and the regulations thereunder, nothing in this section prohibits a common carrier or its affiliate from negotiating mutually agreeable terms and conditions with over-the-air broadcast stations and other unaffiliated video programming providers to allow consumer access to their signals on any level or screen of any gateway, menu, or other program guide, whether provided by the carrier or its affiliate.

"(c) REDUCED REGULATORY BURDENS FOR OPEN VIDEO SYSTEMS.—

"(1) IN GENERAL.—Any provision that applies to a cable operator under—

"(A) sections 613 (other than subsection (a) thereof), 616, 623(f), 628, 631, and 634 of this title, shall apply,

"(B) sections 611, 614, and 615 of this title, and section 325 of title III, shall apply in accordance with the regulations prescribed under paragraph (2), and

The Commission shall complete all action (including any reconsideration) to prescribe such regulations no later than 6 months after the date of enactment of the Telecommunications Act of 1996.

"(B) FEES.—An operator of an open video system under this part may be subject to the payment of fees on the gross revenues of the operator for the provision of cable service imposed by a local franchising authority or other governmental entity, in lieu of the franchise fees permitted under section 622. The rate at which such fees are imposed shall not exceed the rate at which franchise fees are imposed on any cable operator transmitting video programming in the franchise area, as determined in accordance with regulations prescribed by the Commission. An operator of an open video system may designate that portion

of a subscriber's bill attributable to the fee under this subparagraph as a separate item on the bill.

"(3) REGULATORY STREAMLINING.—With respect to the establishment and operation of an open video system, the requirements of this section shall apply in lieu of, and not in addition to, the requirements of title II.

"(4) TREATMENT AS CABLE OPERATOR.—Nothing in this Act precludes a video programming provider making use of an open video system from being treated as an operator of a cable system for purposes of section 111 of title 17, United States Code.

"(d) DEFINITION OF TELEPHONE SERVICE AREA.—For purposes of this section, the term 'telephone service area' when used in connection with a common carrier subject in whole or in part to title II of this Act means the area within which such carrier is offering telephone exchange service.".

(b) CONFORMING AND TECHNICAL AMENDMENTS.—

Such regulations shall not prohibit any multichannel video programming distributor from also offering converter boxes, interactive communications equipment, and other equipment used by consumers to access multichannel video programming and other services offered over multichannel video programming systems, to consumers, if the system operator's charges to consumers for such devices and equipment are separately stated and not subsidized by charges for any such service.

"(b) PROTECTION OF SYSTEM SECURITY.—The Commission shall not prescribe regulations under subsection (a) which would jeopardize security of multichannel video programming and other services offered over multichannel video programming systems, or impede the legal rights of a provider of such services to prevent theft of service.

"(c) WAIVER.—The Commission shall waive a regulation adopted under subsection (a) for a limited time upon an appropriate showing by a provider of multichannel video programming and other services offered over multichannel video programming systems, or an equipment provider, that such waiver is necessary to assist the development or introduction of a new or improved multichannel video programming or other service offered over multichannel video

programming systems, technology, or products. Upon an appropriate showing, the Commission shall grant any such waiver request within 90 days of any application filed under this subsection, and such waiver shall be effective for all service providers and products in that category and for all providers of services and products.

"(2) REGULATIONS.—Nothing in this section affects section 64.702(e) of the Commission's regulations (47 C.F.R. 64.702(e)) or other Commission regulations governing interconnection and competitive provision of customer premises equipment used in connection with basic common carrier communications services.

"(e) SUNSET.—The regulations adopted under this section shall cease to apply when the Commission determines that—

"(1) the market for the multichannel video programming distributors is fully competitive;

"(2) the market for converter boxes, and interactive communications equipment, used in conjunction with that service is fully competitive; and

"(3) elimination of the regulations would promote competition and the public interest.

"(c) DEADLINES FOR CAPTIONING.—Such regulations shall include an appropriate schedule of deadlines for the provision of closed captioning of video programming.

"(d) EXEMPTIONS.—Notwithstanding subsection (b)—

"(2) a provider of video programming or the owner of any program carried by the provider shall not be obligated to supply closed captions if such action would be inconsistent with contracts in effect on the date of enactment of the Telecommunications Act of 1996, except that nothing in this section shall be construed to relieve a video programming provider of its obligations to provide services required by Federal law; and

"(3) a provider of video programming or program owner may petition the Commission for an exemption from the requirements of this section, and the Commission may grant such petition upon a showing that the requirements contained in this section would result in an undue burden.

"(3) the financial resources of the provider or program owner; and

The Commission's report shall assess appropriate methods and schedules for phasing video descriptions into the marketplace, technical and quality standards for video descriptions, a definition of programming for which video descriptions would apply, and other technical and legal issues that the Commission deems appropriate. Reports.

"(g) VIDEO DESCRIPTION.—For purposes of this section, 'video description' means the insertion of audio narrated descriptions of a television program's key visual elements into natural pauses between the program's dialogue.

"(h) PRIVATE RIGHTS OF ACTIONS PROHIBITED.—Nothing in this section shall be construed to authorize any private right of action to enforce any requirement of this section or any regulation there-

under. The Commission shall have exclusive jurisdiction with respect to any complaint under this section.".

The Commission may extend the initial one-year period by an additional 90 days if the Commission finds that an extension is necessary to meet the requirements of subsection (a). The Commission may grant or deny a petition in whole or in part and shall explain its decision in writing.

Subtitle B—Violence

SEC. 551. PARENTAL CHOICE IN TELEVISION PROGRAMMING.

47 USC 303 note.

(a) FINDINGS.—The Congress makes the following findings:

(1) Television influences children's perception of the values and behavior that are common and acceptable in society.

(2) Television station operators, cable television system operators, and video programmers should follow practices in connection with video programming that take into consideration that television broadcast and cable programming has established a uniquely pervasive presence in the lives of American children.

(3) The average American child is exposed to 25 hours of television each week and some children are exposed to as much as 11 hours of television a day.

(4) Studies have shown that children exposed to violent video programming at a young age have a higher tendency for violent and aggressive behavior later in life than children not so exposed, and that children exposed to violent video programming are prone to assume that acts of violence are acceptable behavior.

(5) Children in the United States are, on average, exposed to an estimated 8,000 murders and 100,000 acts of violence on television by the time the child completes elementary school.

(6) Studies indicate that children are affected by the pervasiveness and casual treatment of sexual material on television, eroding the ability of parents to develop responsible attitudes and behavior in their children.

(7) Parents express grave concern over violent and sexual video programming and strongly support technology that would give them greater control to block video programming in the home that they consider harmful to their children.

(8) There is a compelling governmental interest in empowering parents to limit the negative influences of video programming that is harmful to children.

(9) Providing parents with timely information about the nature of upcoming video programming and with the technological tools that allow them easily to block violent, sexual, or other programming that they believe harmful to their children is a nonintrusive and narrowly tailored means of achieving that compelling governmental interest.

(b) ESTABLISHMENT OF TELEVISION RATING CODE.—

(1) AMENDMENT.—Section 303 (47 U.S.C. 303) is amended by adding at the end the following:

"(w) Prescribe—

"(1) on the basis of recommendations from an advisory committee established by the Commission in accordance with section 551(b)(2) of the Telecommunications Act of 1996, guidelines and recommended procedures for the identification and rating of video programming that contains sexual, violent, or other indecent material about which parents should be informed before it is displayed to children: *Provided,* That nothing in this paragraph shall be construed to authorize any rating of video programming on the basis of its political or religious content; and

"(2) with respect to any video programming that has been rated, and in consultation with the television industry, rules requiring distributors of such video programming to transmit such rating to permit parents to block the display of video programming that they have determined is inappropriate for their children.".

47 USC 303 note.

(2) ADVISORY COMMITTEE REQUIREMENTS.—In establishing an advisory committee for purposes of the amendment made by paragraph (1) of this subsection, the Commission shall—

(A) ensure that such committee is composed of parents, television broadcasters, television programming producers, cable operators, appropriate public interest groups, and other interested individuals from the private sector and is fairly balanced in terms of political affiliation, the points of view represented, and the functions to be performed by the committee;

(B) provide to the committee such staff and resources as may be necessary to permit it to perform its functions efficiently and promptly; and

(C) require the committee to submit a final report of its recommendations within one year after the date of the appointment of the initial members. Reports.

(c) REQUIREMENT FOR MANUFACTURE OF TELEVISIONS THAT BLOCK PROGRAMS.—Section 303 (47 U.S.C. 303), as amended by subsection (a), is further amended by adding at the end the following:

"(x) Require, in the case of an apparatus designed to receive television signals that are shipped in interstate commerce or manufactured in the United States and that have a picture screen 13 inches or greater in size (measured diagonally), that such apparatus be equipped with a feature designed to enable viewers to block display of all programs with a common rating, except as otherwise permitted by regulations pursuant to section 330(c)(4).".

(d) SHIPPING OF TELEVISIONS THAT BLOCK PROGRAMS.—

(1) REGULATIONS.—Section 330 (47 U.S.C. 330) is amended—

(A) by redesignating subsection (c) as subsection (d); and

(B) by adding after subsection (b) the following new subsection (c):

"(c)(1) Except as provided in paragraph (2), no person shall ship in interstate commerce or manufacture in the United States any apparatus described in section 303(x) of this Act except in accordance with rules prescribed by the Commission pursuant to the authority granted by that section.

"(2) This subsection shall not apply to carriers transporting apparatus referred to in paragraph (1) without trading in it.

"(3) The rules prescribed by the Commission under this subsection shall provide for the oversight by the Commission of the adoption of standards by industry for blocking technology. Such rules shall require that all such apparatus be able to receive the rating signals which have been transmitted by way of line 21 of the vertical blanking interval and which conform to the signal and blocking specifications established by industry under the supervision of the Commission.

"(4) As new video technology is developed, the Commission shall take such action as the Commission determines appropriate to ensure that blocking service continues to be available to consumers. If the Commission determines that an alternative blocking technology exists that—

"(A) enables parents to block programming based on identifying programs without ratings,

"(B) is available to consumers at a cost which is comparable to the cost of technology that allows parents to block programming based on common ratings, and

"(C) will allow parents to block a broad range of programs on a multichannel system as effectively and as easily as technology that allows parents to block programming based on common ratings,

the Commission shall amend the rules prescribed pursuant to section 303(x) to require that the apparatus described in such section be equipped with either the blocking technology described in such

section or the alternative blocking technology described in this paragraph.".

(2) CONFORMING AMENDMENT.—Section 330(d), as redesignated by subsection (d)(1)(A), is amended by striking "section 303(s), and section 303(u)" and inserting in lieu thereof "and sections 303(s), 303(u), and 303(x)".

47 USC 330.

47 USC 303 note.

(e) APPLICABILITY AND EFFECTIVE DATES.—

(1) APPLICABILITY OF RATING PROVISION.—The amendment made by subsection (b) of this section shall take effect 1 year after the date of enactment of this Act, but only if the Commission determines, in consultation with appropriate public interest groups and interested individuals from the private sector, that distributors of video programming have not, by such date—

(A) established voluntary rules for rating video programming that contains sexual, violent, or other indecent material about which parents should be informed before it is displayed to children, and such rules are acceptable to the Commission; and

(B) agreed voluntarily to broadcast signals that contain ratings of such programming.

(2) EFFECTIVE DATE OF MANUFACTURING PROVISION.—In prescribing regulations to implement the amendment made by subsection (c), the Federal Communications Commission shall, after consultation with the television manufacturing industry, specify the effective date for the applicability of the requirement to the apparatus covered by such amendment, which date shall not be less than two years after the date of enactment of this Act.

47 USC 303 note.

SEC. 552. TECHNOLOGY FUND.

It is the policy of the United States to encourage broadcast television, cable, satellite, syndication, other video programming distributors, and relevant related industries (in consultation with appropriate public interest groups and interested individuals from the private sector) to—

(1) establish a technology fund to encourage television and electronics equipment manufacturers to facilitate the development of technology which would empower parents to block programming they deem inappropriate for their children and to encourage the availability thereof to low income parents;

(2) report to the viewing public on the status of the development of affordable, easy to use blocking technology; and

(3) establish and promote effective procedures, standards, systems, advisories, or other mechanisms for ensuring that users have easy and complete access to the information necessary to effectively utilize blocking technology and to encourage the availability thereof to low income parents.

"(a) IN GENERAL.—Every telecommunications carrier has a duty to protect the confidentiality of proprietary information of, and relating to, other telecommunication carriers, equipment manufacturers, and customers, including telecommunication carriers reselling telecommunications services provided by a telecommunications carrier.

"(b) CONFIDENTIALITY OF CARRIER INFORMATION.—A telecommunications carrier that receives or obtains proprietary information from another carrier for purposes of providing any telecommunications service shall use such information only for such purpose, and shall not use such information for its own marketing efforts.

"(c) CONFIDENTIALITY OF CUSTOMER PROPRIETARY NETWORK INFORMATION.—

"(1) PRIVACY REQUIREMENTS FOR TELECOMMUNICATIONS CARRIERS.—Except as required by law or with the approval of the customer, a telecommunications carrier that receives or obtains customer proprietary network information by virtue of its provision of a telecommunications service shall only use, disclose, or permit access to individually identifiable customer proprietary network information in its provision of (A) the telecommunications service from which such information is derived, or (B) services necessary to, or used in, the provision of such telecommunications service, including the publishing of directories.

"(2) DISCLOSURE ON REQUEST BY CUSTOMERS.—A telecommunications carrier shall disclose customer proprietary network information, upon affirmative written request by the customer, to any person designated by the customer.

"(d) EXCEPTIONS.—Nothing in this section prohibits a telecommunications carrier from using, disclosing, or permitting access to customer proprietary network information obtained from its customers, either directly or indirectly through its agents—

"(1) to initiate, render, bill, and collect for telecommunications services;

"(2) to protect the rights or property of the carrier, or to protect users of those services and other carriers from fraudulent, abusive, or unlawful use of, or subscription to, such services; or

"(3) to provide any inbound telemarketing, referral, or administrative services to the customer for the duration of the call, if such call was initiated by the customer and the customer approves of the use of such information to provide such service.

"(e) SUBSCRIBER LIST INFORMATION.—Notwithstanding subsections (b), (c), and (d), a telecommunications carrier that provides telephone exchange service shall provide subscriber list information gathered in its capacity as a provider of such service on a timely and unbundled basis, under nondiscriminatory and reasonable rates, terms, and conditions, to any person upon request for the purpose of publishing directories in any format.

"(f) DEFINITIONS.—As used in this section:

"(1) CUSTOMER PROPRIETARY NETWORK INFORMATION.—The term 'customer proprietary network information' means—

"(A) information that relates to the quantity, technical configuration, type, destination, and amount of use of a telecommunications service subscribed to by any customer of a telecommunications carrier, and that is made available to the carrier by the customer solely by virtue of the carrier-customer relationship; and

"(B) information contained in the bills pertaining to telephone exchange service or telephone toll service received by a customer of a carrier;

except that such term does not include subscriber list information.

"(2) AGGREGATE INFORMATION.—The term 'aggregate customer information' means collective data that relates to a group or category of services or customers, from which individual customer identities and characteristics have been removed.

"(3) SUBSCRIBER LIST INFORMATION.—The term 'subscriber list information' means any information—

"(A) identifying the listed names of subscribers of a carrier and such subscribers' telephone numbers, addresses, or primary advertising classifications (as such classifications are assigned at the time of the establishment of such service), or any combination of such listed names, numbers, addresses, or classifications; and

"(B) that the carrier or an affiliate has published, caused to be published, or accepted for publication in any directory format.".

SEC. 703. POLE ATTACHMENTS.

Section 224 (47 U.S.C. 224) is amended—

(1) in subsection (a)(1), by striking the first sentence and inserting the following: "The term 'utility' means any person who is a local exchange carrier or an electric, gas, water,

steam, or other public utility, and who owns or controls poles, ducts, conduits, or rights-of-way used, in whole or in part, for any wire communications.";

(2) in subsection (a)(4), by inserting after "system" the following: "or provider of telecommunications service";

(3) by inserting after subsection (a)(4) the following:

"(5) For purposes of this section, the term 'telecommunications carrier' (as defined in section 3 of this Act) does not include any incumbent local exchange carrier as defined in section 251(h).";

(4) by inserting after "conditions" in subsection (c)(1) a comma and the following: "or access to poles, ducts, conduits, and rights-of-way as provided in subsection (f),";

(5) in subsection (c)(2)(B), by striking "cable television services" and inserting "the services offered via such attachments";

(6) by inserting after subsection (d)(2) the following:

Applicability

"(3) This subsection shall apply to the rate for any pole attachment used by a cable television system solely to provide cable service. Until the effective date of the regulations required under subsection (e), this subsection shall also apply to the rate for any pole attachment used by a cable system or any telecommunications carrier (to the extent such carrier is not a party to a pole attachment agreement) to provide any telecommunications service."; and

(7) by adding at the end thereof the following:

Regulations.

"(e)(1) The Commission shall, no later than 2 years after the date of enactment of the Telecommunications Act of 1996, prescribe regulations in accordance with this subsection to govern the charges for pole attachments used by telecommunications carriers to provide telecommunications services, when the parties fail to resolve a dispute over such charges. Such regulations shall ensure that a utility charges just, reasonable, and nondiscriminatory rates for pole attachments.

"(2) A utility shall apportion the cost of providing space on a pole, duct, conduit, or right-of-way other than the usable space among entities so that such apportionment equals two-thirds of the costs of providing space other than the usable space that would be allocated to such entity under an equal apportionment of such costs among all attaching entities.

"(3) A utility shall apportion the cost of providing usable space among all entities according to the percentage of usable space required for each entity.

Effective date.

"(4) The regulations required under paragraph (1) shall become effective 5 years after the date of enactment of the Telecommunications Act of 1996. Any increase in the rates for pole attachments that result from the adoption of the regulations required by this subsection shall be phased in equal annual increments over a period of 5 years beginning on the effective date of such regulations.

"(f)(1) A utility shall provide a cable television system or any telecommunications carrier with nondiscriminatory access to any pole, duct, conduit, or right-of-way owned or controlled by it.

"(2) Notwithstanding paragraph (1), a utility providing electric service may deny a cable television system or any telecommunications carrier access to its poles, ducts, conduits, or rights-of-way, on a non-discriminatory basis where there is insufficient capacity and for reasons of safety, reliability and generally applicable engineering purposes.

"(g) A utility that engages in the provision of telecommunications services or cable services shall impute to its costs of providing such services (and charge any affiliate, subsidiary, or associate company engaged in the provision of such services) an equal amount to the pole attachment rate for which such company would be liable under this section.

"(h) Whenever the owner of a pole, duct, conduit, or right-of-way intends to modify or alter such pole, duct, conduit, or right-of-way, the owner shall provide written notification of such action to any entity that has obtained an attachment to such conduit or right-of-way so that such entity may have a reasonable opportunity to add to or modify its existing attachment. Any entity that adds to or modifies its existing attachment after receiving such notification shall bear a proportionate share of the costs incurred by the owner in making such pole, duct, conduit, or right-of-way accessible.

"(i) An entity that obtains an attachment to a pole, conduit, or right-of-way shall not be required to bear any of the costs of rearranging or replacing its attachment, if such rearrangement or replacement is required as a result of an additional attachment or the modification of an existing attachment sought by any other entity (including the owner of such pole, duct, conduit, or right-of-way).".

"(A) GENERAL AUTHORITY.—Except as provided in this paragraph, nothing in this Act shall limit or affect the authority of a State or local government or instrumentality thereof over decisions regarding the placement, construction, and modification of personal wireless service facilities.

"(B) LIMITATIONS.—

"(i) The regulation of the placement, construction, and modification of personal wireless service facilities by any State or local government or instrumentality thereof—

"(I) shall not unreasonably discriminate among providers of functionally equivalent services; and

"(II) shall not prohibit or have the effect of prohibiting the provision of personal wireless services.

"(ii) A State or local government or instrumentality thereof shall act on any request for authorization to place, construct, or modify personal wireless service facilities within a reasonable period of time after the request is duly filed with such government or instrumentality, taking into account the nature and scope of such request.

"(iii) Any decision by a State or local government or instrumentality thereof to deny a request to place, construct, or modify personal wireless service facilities shall be in writing and supported by substantial evidence contained in a written record. Records.

"(iv) No State or local government or instrumentality thereof may regulate the placement, construction, and modification of personal wireless service facilities on the basis of the environmental effects of radio frequency emissions to the extent that such facilities comply with the Commission's regulations concerning such emissions.

"(v) Any person adversely affected by any final action or failure to act by a State or local government or any instrumentality thereof that is inconsistent with this subparagraph may, within 30 days after such action or failure to act, commence an action in any court of competent jurisdiction. President.
47 USC 332 note.

(c) AVAILABILITY OF PROPERTY.—Within 180 days of the enactment of this Act, the President or his designee shall prescribe procedures by which Federal departments and agencies may make available on a fair, reasonable, and nondiscriminatory basis, property, rights-of-way, and easements under their control for the placement of new telecommunications services that are dependent, in whole or in part, upon the utilization of Federal spectrum rights for the transmission or reception of such services. These procedures may establish a presumption that requests for the use of property, rights-of-way, and easements by duly authorized providers should be granted absent unavoidable direct conflict with the department or agency's mission, or the current or planned use of the property, rights-of-way, and easements in question. Reasonable fees may be charged to providers of such telecommunications services for use of property, rights-of-way, and easements. The Commission shall provide technical support to States to encourage them to make property, rights-of-way, and easements under their jurisdiction available for such purposes.

"(8) MOBILE SERVICES ACCESS.—A person engaged in the provision of commercial mobile services, insofar as such person is so engaged, shall not be required to provide equal access to common carriers for the provision of telephone toll services. If the Commission determines that subscribers to such services are denied access to the provider of telephone toll services of the subscribers' choice, and that such denial is contrary to the public interest, convenience, and necessity, then the Commission shall prescribe regulations to afford subscribers unblocked access to the provider of telephone toll services of the subscribers' choice through the use of a carrier identification code assigned to such provider or other mechanism. The requirements for unblocking shall not apply to mobile satellite services unless the Commission finds it to be in the public interest to apply such requirements to such services.". Regulations.

(a) IN GENERAL.—The Commission and each State commission with regulatory jurisdiction over telecommunications services shall encourage the deployment on a reasonable and timely basis of advanced telecommunications capability to all Americans (including, in particular, elementary and secondary schools and classrooms) by utilizing, in a manner consistent with the public interest, convenience, and necessity, price cap regulation, regulatory forbearance, measures that promote competition in the local telecommunications market, or other regulating methods that remove barriers to infrastructure investment.

In the inquiry, the Commission shall determine whether advanced telecommunications capability is being deployed to all Americans in a reasonable and timely fashion. (2) As part of such plan, the Secretary shall provide for a program for the design, development, and procurement of four nuclear attack submarines to be procured during fiscal years 1998 through 2001, the purpose of which shall be to develop and demonstrate new technologies that will result in each successive submarine of those four being a more capable and more affordable submarine than the submarine that preceded it. The program shall be structured so that—

(A) one of the four submarines is to be constructed with funds appropriated for each fiscal year from fiscal year 1998 through fiscal year 2001;

(B) in order to ensure flexibility for innovation, the fiscal year 1998 and the fiscal year 2000 submarines are to be constructed by the Electric Boat Division and the fiscal year 1999 and the fiscal year 2001 submarines are to be constructed by Newport News Shipbuilding;

(C) the design designated by the Navy for the submarine previously designated as the New Attack Submarine will be used as the base design by both contractors;

(D) each contractor shall be called upon to propose improvements, including design improvements, for each successive submarine as new and better technology is demonstrated and matures so that—

(C) identify advanced technologies that are in various phases of research and development, as well as those that are commercially available off-the-shelf, that are candidates to be incorporated into the plan to design, develop, and procure the submarines;

(D) designate the fifth submarine to be procured as the lead ship in the next generation submarine class, unless the Secretary of the Navy, in consultation with the special submarine review panel described in subsection (f), determines

that more submarines should be built before the design of the new class of submarines is fixed, in which case each such additional submarine shall be procured in the same manner as is required by subsection (b)(1); and

(E) identify the impact of the submarine program described in paragraph (1) on the remainder of the appropriation account known as "Shipbuilding and Conversion, Navy", as such impact relates to—

(i) force structure levels required by the October 1993 Department of Defense report entitled "Report on the Bottom-Up Review";

(ii) force structure levels required by the 1995 report on the Surface Ship Combatant Study that was carried out for the Department of Defense; and

Ballistic Missile Defense Act of 1995.
10 USC 2431 note.

Subtitle C—Ballistic Missile Defense Act of 1995

SEC. 231. SHORT TITLE.

This subtitle may be cited as the "Ballistic Missile Defense Act of 1995".

SEC. 232. FINDINGS.

Congress makes the following findings:

(1) The emerging threat that is posed to the national security interests of the United States by the proliferation of ballistic missiles is significant and growing, both in terms of numbers of missiles and in terms of the technical capabilities of those missiles.

(2) The deployment of ballistic missile defenses is a necessary, but not sufficient, element of a broader strategy to discourage both the proliferation of weapons of mass destruction and the proliferation of the means of their delivery and to defend against the consequences of such proliferation.

(3) The deployment of effective Theater Missile Defense systems can deter potential adversaries of the United States from escalating a conflict by threatening or attacking United States forces or the forces or territory of coalition partners or allies of the United States with ballistic missiles armed with weapons of mass destruction to offset the operational and technical advantages of the United States and its coalition partners and allies.

(4) United States intelligence officials have provided intelligence estimates to congressional committees that (A) the trend

in missile proliferation is toward longer range and more sophisticated ballistic missiles, (B) North Korea may deploy an intercontinental ballistic missile capable of reaching Alaska or beyond within five years, and (C) although a new, indigenously developed ballistic missile threat to the continental United States is not foreseen within the next ten years, determined countries can acquire intercontinental ballistic missiles in the near future and with little warning by means other than indigenous development.

(5) The development and deployment by the United States and its allies of effective defenses against ballistic missiles of all ranges will reduce the incentives for countries to acquire such missiles or to augment existing missile capabilities.

(6) The concept of mutual assured destruction (based upon an offense-only form of deterrence), which is the major philosophical rationale underlying the ABM Treaty, is now questionable as a basis for stability in a multipolar world in which the United States and the states of the former Soviet Union are seeking to normalize relations and eliminate Cold War attitudes and arrangements.

(7) The development and deployment of a National Missile Defense system against the threat of limited ballistic missile attacks—

(A) would strengthen deterrence at the levels of forces agreed to by the United States and Russia under the Strategic Arms Reduction Talks Treaty (START–I); and

(B) would further strengthen deterrence if reductions below the levels permitted under START–I should be agreed to and implemented in the future.

(8) The distinction made during the Cold War, based upon the technology of the time, between strategic ballistic missiles and nonstrategic ballistic missiles, which resulted in the distinction made in the ABM Treaty between strategic defense and nonstrategic defense, has become obsolete because of technological advancement (including the development by North Korea of long-range Taepo-Dong I and Taepo-Dong II missiles) and, therefore, that distinction in the ABM Treaty should be reviewed.

SEC. 233. BALLISTIC MISSILE DEFENSE POLICY.

It is the policy of the United States—

(1) to deploy affordable and operationally effective theater missile defenses to protect forward-deployed and expeditionary elements of the Armed Forces of the United States and to complement the missile defense capabilities of forces of coalition partners and of allies of the United States; and

(2) to seek a cooperative, negotiated transition to a regime that does not feature an offense-only form of deterrence as the basis for strategic stability.

SEC. 234. THEATER MISSILE DEFENSE ARCHITECTURE.

(a) ESTABLISHMENT OF CORE PROGRAM.—To implement the policy established in paragraph (1) of section 233, the Secretary of Defense shall restructure the core theater missile defense program to consist of the following systems, to be carried out so as to achieve the specified capabilities:

(1) The Patriot PAC–3 system, with a first unit equipped (FUE) during fiscal year 1998.

(2) The Navy Lower Tier (Area) system, with a user operational evaluation system (UOES) capability during fiscal year 1997 and an initial operational capability (IOC) during fiscal year 1999.

(3) The Theater High-Altitude Area Defense (THAAD) system, with a user operational evaluation system (UOES) capability not later than fiscal year 1998 and a first unit equipped (FUE) not later than fiscal year 2000.

(4) The Navy Upper Tier (Theater Wide) system, with a user operational evaluation system (UOES) capability during fiscal year 1999 and an initial operational capability (IOC) during fiscal year 2001.

(b) USE OF STREAMLINED ACQUISITION PROCEDURES.—The Secretary of Defense shall prescribe and use streamlined acquisition policies and procedures to reduce the cost and increase the efficiency of developing and deploying the theater missile defense systems specified in subsection (a).

(c) INTEROPERABILITY AND SUPPORT OF CORE SYSTEMS.—To maximize effectiveness and flexibility of the systems comprising the core theater missile defense program, the Secretary of Defense shall ensure that those systems are integrated and complementary and are fully capable of exploiting external sensor and battle management support from systems such as—

(A) the Cooperative Engagement Capability (CEC) system of the Navy;

(B) airborne sensors; and

(C) space-based sensors (including, in particular, the Space and Missile Tracking System).

(d) FOLLOW-ON SYSTEMS.—(1) The Secretary of Defense shall prepare an affordable development plan for theater missile defense systems to be developed as follow-on systems to the core systems specified in subsection (a). The Secretary shall make the selection of a system for inclusion in the plan based on the capability of the system to satisfy military requirements not met by the systems in the core program and on the capability of the system to use prior investments in technologies, infrastructure, and battle-management capabilities that are incorporated in, or associated with, the systems in the core program.

Notice. (2) The Secretary may not proceed with the development of a follow-on theater missile defense system beyond the Demonstration/Validation stage of development unless the Secretary designates that system as a part of the core program under this section and submits to the congressional defense committees notice

Reports. of that designation. The Secretary shall include with any such notification a report describing—

(A) the requirements for the system and the specific threats that such system is designed to counter;

(B) how the system will relate to, support, and build upon existing core systems;

(C) the planned acquisition strategy for the system; and

(D) a preliminary estimate of total program cost for that system and the effect of development and acquisition of such system on Department of Defense budget projections.

(e) PROGRAM ACCOUNTABILITY REPORT.—(1) As part of the annual report of the Ballistic Missile Defense Organization required by section 224 of Public Law 101–189 (10 U.S.C. 2431 note), the Secretary of Defense shall describe the technical milestones, the

schedule, and the cost of each phase of development and acquisition (together with total estimated program costs) for each core and follow-on theater missile defense program.

(2) As part of such report, the Secretary shall describe, with respect to each program covered in the report, any variance in the technical milestones, program schedule milestones, and costs for the program compared with the information relating to that program in the report submitted in the previous year and in the report submitted in the first year in which that program was covered.

(f) REPORTS ON TMD SYSTEM LIMITATIONS UNDER ABM TREATY.—(1) Whenever, after January 1, 1993, the Secretary of Defense issues a certification with respect to the compliance of a particular Theater Missile Defense system with the ABM Treaty, the Secretary shall transmit to the Committee on Armed Services of the Senate and the Committee on National Security of the House of Representatives a copy of such certification. Such transmittal shall be made not later than 30 days after the date on which such certification is issued, except that in the case of a certification issued before the date of the enactment of this Act, such transmittal shall be made not later than 60 days after the date of the enactment of this Act. Certification.

(2) If a certification under paragraph (1) is based on application of a policy concerning United States compliance with the ABM Treaty that differs from the policy described in section 235(b)(1), the Secretary shall include with the transmittal under that paragraph a report providing a detailed assessment of—

(A) how the policy applied differs from the policy described in section 235(b)(1); and

(B) how the application of that policy (rather than the policy described in section 235(b)(1)) will affect the cost, schedule, and performance of that system.

SEC. 235. PROHIBITION ON USE OF FUNDS TO IMPLEMENT AN INTERNATIONAL AGREEMENT CONCERNING THEATER MISSILE DEFENSE SYSTEMS.

(a) FINDINGS.—(1) Congress hereby reaffirms—

(A) the finding in section 234(a)(7) of the National Defense Authorization Act for Fiscal Year 1994 (Public Law 103–160; 107 Stat. 1595; 10 U.S.C. 2431 note) that the ABM Treaty was not intended to, and does not, apply to or limit research, development, testing, or deployment of missile defense systems, system upgrades, or system components that are designed to counter modern theater ballistic missiles, regardless of the capabilities of such missiles, unless those systems, system upgrades, or system components are tested against or have demonstrated capabilities to counter modern strategic ballistic missiles; and

(B) the statement in section 232 of the National Defense Authorization Act for Fiscal Year 1995 (Public Law 103–337; 108 Stat. 2700) that the United States shall not be bound by any international agreement entered into by the President that would substantively modify the ABM Treaty unless the agreement is entered into pursuant to the treaty making power of the President under the Constitution.

(2) Congress also finds that the demarcation standard described in subsection (b)(1) for compliance of a missile defense system,

system upgrade, or system component with the ABM Treaty is based upon current technology.

(b) SENSE OF CONGRESS CONCERNING COMPLIANCE POLICY.—It is the sense of Congress that—

(1) unless a missile defense system, system upgrade, or system component (including one that exploits data from space-based or other external sensors) is flight tested in an ABM-qualifying flight test (as defined in subsection (e)), that system, system upgrade, or system component has not, for purposes of the ABM Treaty, been tested in an ABM mode nor been given capabilities to counter strategic ballistic missiles and, therefore, is not subject to any application, limitation, or obligation under the ABM Treaty; and

(2) any international agreement that would limit the research, development, testing, or deployment of missile defense systems, system upgrades, or system components that are designed to counter modern theater ballistic missiles in a manner that would be more restrictive than the compliance criteria specified in paragraph (1) should be entered into only pursuant to the treaty making powers of the President under the Constitution.

(c) PROHIBITION ON FUNDING.—Funds appropriated or otherwise made available to the Department of Defense for fiscal year 1996 may not be obligated or expended to implement an agreement, or any understanding with respect to interpretation of the ABM Treaty, between the United States and any of the independent states of the former Soviet Union entered into after January 1, 1995, that—

(1) would establish a demarcation between theater missile defense systems and anti-ballistic missile systems for purposes of the ABM Treaty; or

(2) would restrict the performance, operation, or deployment of United States theater missile defense systems.

(d) EXCEPTIONS.—Subsection (c) does not apply—

(1) to the extent provided by law in an Act enacted after this Act;

(2) to expenditures to implement that portion of any such agreement or understanding that implements the policy set forth in subsection (b)(1); or

(3) to expenditures to implement any such agreement or understanding that is approved as a treaty or by law.

(e) ABM-QUALIFYING FLIGHT TEST DEFINED.—For purposes of this section, an ABM-qualifying flight test is a flight test against a ballistic missile which, in that flight test, exceeds (1) a range of 3,500 kilometers, or (2) a velocity of 5 kilometers per second.

SEC. 236. BALLISTIC MISSILE DEFENSE COOPERATION WITH ALLIES.

It is in the interest of the United States to develop its own missile defense capabilities in a manner that will permit the United States to complement the missile defense capabilities developed and deployed by its allies and possible coalition partners. Therefore, the Congress urges the President—

(1) to pursue high-level discussions with allies of the United States and selected other states on the means and methods by which the parties on a bilateral basis can cooperate in the development, deployment, and operation of ballistic missile defenses;

(2) to take the initiative within the North Atlantic Treaty Organization to develop consensus in the Alliance for a timely deployment of effective ballistic missile defenses by the Alliance; and

(3) in the interim, to seek agreement with allies of the United States and selected other states on steps the parties should take, consistent with their national interests, to reduce the risks posed by the threat of limited ballistic missile attacks, such steps to include—

(A) the sharing of early warning information derived from sensors deployed by the United States and other states;

(B) the exchange on a reciprocal basis of technical data and technology to support both joint development programs and the sale and purchase of missile defense systems and components; and

(C) operational level planning to exploit current missile defense capabilities and to help define future requirements.

SEC. 237. ABM TREATY DEFINED.

For purposes of this subtitle, the term "ABM Treaty" means the Treaty Between the United States of America and the Union of Soviet Socialist Republics on the Limitation of Anti-Ballistic Missile Systems, and signed at Moscow on May 26, 1972, and includes the Protocols to that Treaty, signed at Moscow on July 3, 1974.

"(3) For purposes of this subsection, the baseline performance thresholds with respect to a program are the weapons systems performance thresholds specified in the baseline description for the system established (pursuant to section 2435(a)(1) of title 10, United States Code) before the program entered the engineering and manufacturing development stage.

"(4) The number of flight tests described in paragraph (2) that are required in order to make the certification under paragraph (1) shall be a number determined by the Secretary of Defense to be sufficient for the purposes of this section.

"(5) The Secretary may augment live-fire testing to demonstrate weapons system performance goals for purposes of the certification under paragraph (1) through the use of modeling and simulation that is validated by ground and flight testing.".

Subtitle B—Depot-Level Activities

10 USC 2464 note.

SEC. 311. POLICY REGARDING PERFORMANCE OF DEPOT-LEVEL MAINTENANCE AND REPAIR FOR THE DEPARTMENT OF DEFENSE.

(a) FINDINGS.—Congress makes the following findings:

(1) The Department of Defense does not have a comprehensive policy regarding the performance of depot-level maintenance and repair of military equipment.

(2) The absence of such a policy has caused the Congress to establish guidelines for the performance of such functions.

(3) It is essential to the national security of the United States that the Department of Defense maintain an organic capability within the department, including skilled personnel, technical competencies, equipment, and facilities, to perform depot-level maintenance and repair of military equipment in order to ensure that the Armed Forces of the United States are able to meet training, operational, mobilization, and emergency requirements without impediment.

(4) The organic capability of the Department of Defense to perform depot-level maintenance and repair of military equipment must satisfy known and anticipated core mainte-

nance and repair requirements across the full range of peacetime and wartime scenarios.

(5) Although it is possible that savings can be achieved by contracting with private-sector sources for the performance of some work currently performed by Department of Defense depots, the Department of Defense has not determined the type or amount of work that should be performed under contract with private-sector sources nor the relative costs and benefits of contracting for the performance of such work by those sources.

(b) SENSE OF CONGRESS.—It is the sense of Congress that there is a compelling need for the Department of Defense to articulate known and anticipated core maintenance and repair requirements, to organize the resources of the Department of Defense to meet those requirements economically and efficiently, and to determine what work should be performed by the private sector and how such work should be managed.

(c) REQUIREMENT FOR POLICY.—Not later than March 31, 1996, the Secretary of Defense shall develop and report to the Committee on Armed Services of the Senate and the Committee on National Security of the House of Representatives a comprehensive policy on the performance of depot-level maintenance and repair for the Department of Defense that maintains the capability described in section 2464 of title 10, United States Code. Reports.

(d) CONTENT OF POLICY.—In developing the policy, the Secretary of Defense shall do each of the following:

(1) Identify for each military department, with the concurrence of the Secretary of that military department, those depot-level maintenance and repair activities that are necessary to ensure the depot-level maintenance and repair capability as required by section 2464 of title 10, United States Code.

(2) Provide for performance of core depot-level maintenance and repair capabilities in facilities owned and operated by the United States.

(3) Provide for the core capabilities to include sufficient skilled personnel, equipment, and facilities that—

(A) is of the proper size (i) to ensure a ready and controlled source of technical competence and repair and maintenance capability necessary to meet the requirements of the National Military Strategy and other requirements for responding to mobilizations and military contingencies, and (ii) to provide for rapid augmentation in time of emergency; and

(B) is assigned sufficient workload to ensure cost efficiency and technical proficiency in time of peace.

(4) Address environmental liability.

(5) In the case of depot-level maintenance and repair workloads in excess of the workload required to be performed by Department of Defense depots, provide for competition for those workloads between public and private entities when there is sufficient potential for realizing cost savings based on adequate private-sector competition and technical capabilities.

(6) Address issues concerning exchange of technical data between the Federal Government and the private sector.

(7) Provide for, in the Secretary's discretion and after consultation with the Secretaries of the military departments, the transfer from one military department to another, in accord-

ance with merit-based selection processes, workload that supports the core depot-level maintenance and repair capabilities in facilities owned and operated by the United States.

(8) Require that, in any competition for a workload (whether among private-sector sources or between depot-level activities of the Department of Defense and private-sector sources), bids are evaluated under a methodology that ensures that appropriate costs to the Government and the private sector are identified.

(9) Provide for the performance of maintenance and repair for any new weapons systems defined as core, under section 2464 of title 10, United States Code, in facilities owned and operated by the United States.

(e) CONSIDERATIONS.—In developing the policy, the Secretary shall take into consideration the following matters:

(1) The national security interests of the United States.

(2) The capabilities of the public depots and the capabilities of businesses in the private sector to perform the maintenance and repair work required by the Department of Defense.

(3) Any applicable recommendations of the Defense Base Closure and Realignment Commission that are required to be implemented under the Defense Base Closure and Realignment Act of 1990.

(4) The extent to which the readiness of the Armed Forces would be affected by a necessity to construct new facilities to accommodate any redistribution of depot-level maintenance and repair workloads that is made in accordance with the recommendation of the Defense Base Closure and Realignment Commission, under the Defense Base Closure and Realignment Act of 1990, that such workloads be consolidated at Department of Defense depots or private-sector facilities.

(5) Analyses of costs and benefits of alternatives, including a comparative analysis of—

(A) the costs and benefits, including any readiness implications, of any proposed policy to convert to contractor performance of depot-level maintenance and repair workloads where the workload is being performed by Department of Defense personnel; and

(B) the costs and benefits, including any readiness implications, of a policy to transfer depot-level maintenance and repair workloads among depots.

(f) REPEAL OF 60/40 REQUIREMENT AND REQUIREMENT RELATING TO COMPETITION.—(1) Sections 2466 and 2469 of title 10, United States Code, are repealed.

(2) The table of sections at the beginning of chapter 146 of such title is amended by striking out the items relating to sections 2466 and 2469.

"(n) UNIFORM NATIONAL DISCHARGE STANDARDS FOR VESSELS OF THE ARMED FORCES.—

"(1) APPLICABILITY.—This subsection shall apply to vessels of the Armed Forces and discharges, other than sewage, incidental to the normal operation of a vessel of the Armed Forces, unless the Secretary of Defense finds that compliance with this subsection would not be in the national security interests of the United States.

"(2) DETERMINATION OF DISCHARGES REQUIRED TO BE CONTROLLED BY MARINE POLLUTION CONTROL DEVICES.—

"(A) IN GENERAL.—The Administrator and the Secretary of Defense, after consultation with the Secretary of the department in which the Coast Guard is operating, the Secretary of Commerce, and interested States, shall jointly determine the discharges incidental to the normal

operation of a vessel of the Armed Forces for which it is reasonable and practicable to require use of a marine pollution control device to mitigate adverse impacts on the marine environment. Notwithstanding subsection (a)(1) of section 553 of title 5, United States Code, the Administrator and the Secretary of Defense shall promulgate the determinations in accordance with such section. The Secretary of Defense shall require the use of a marine pollution control device on board a vessel of the Armed Forces in any case in which it is determined that the use of such a device is reasonable and practicable.

"(B) CONSIDERATIONS.—In making a determination under subparagraph (A), the Administrator and the Secretary of Defense shall take into consideration—

"(i) the nature of the discharge;

"(ii) the environmental effects of the discharge;

"(iii) the practicability of using the marine pollution control device;

"(iv) the effect that installation or use of the marine pollution control device would have on the operation or operational capability of the vessel;

"(v) applicable United States law;

"(vi) applicable international standards; and

"(vii) the economic costs of the installation and use of the marine pollution control device.

"(3) PERFORMANCE STANDARDS FOR MARINE POLLUTION CONTROL DEVICES.—

Notwithstanding subsection (a)(1) of section 553 of title 5, United States Code, the Administrator and the Secretary of Defense shall promulgate the standards in accordance with such section.

"(B) CONSIDERATIONS.—In promulgating standards under this paragraph, the Administrator and the Secretary of Defense shall take into consideration the matters set forth in paragraph (2)(B).

"(C) CLASSES, TYPES, AND SIZES OF VESSELS.—The standards promulgated under this paragraph may—

"(i) distinguish among classes, types, and sizes of vessels;

"(ii) every 5 years—

"(I) review the standards; and

"(II) if necessary, revise the standards, consistent with paragraph (3)(B) and based on significant new information.

"(C) REGULATIONS.—The Secretary of Defense shall promulgate regulations with respect to a marine pollution control device under paragraph (4) as soon as practicable after the Administrator and the Secretary of Defense promulgate standards with respect to the device under paragraph (3), but not later than 1 year after the Administrator and the Secretary of Defense promulgate the standards. The regulations promulgated by the Secretary of Defense under paragraph (4) shall become effective upon promulgation unless another effective date is specified in the regulations.

"(D) PETITION FOR REVIEW.—The Governor of any State may submit a petition requesting that the Secretary of Defense and the Administrator review a determination under paragraph (2) or a standard under paragraph (3), if there is significant new information, not considered previously, that could reasonably result in a change to the particular determination or standard after consideration of the matters set forth in paragraph (2)(B). The petition shall be accompanied by the scientific and technical information on which the petition is based. The Administrator and the Secretary of Defense shall grant or deny the petition not later than 2 years after the date of receipt of the petition.

"(6) EFFECT ON OTHER LAWS.—

"(A) PROHIBITION ON REGULATION BY STATES OR POLITICAL SUBDIVISIONS OF STATES.—Beginning on the effective date of—

discharge incidental to the normal operation of a vessel of the Armed Forces; or

"(ii) regulations promulgated by the Secretary of Defense under paragraph (4);

except as provided in paragraph (7), neither a State nor a political subdivision of a State may adopt or enforce any statute or regulation of the State or political subdivision with respect to the discharge or the design, construction, installation, or use of any marine pollution control device required to control discharges from a vessel of the Armed Forces.

"(B) FEDERAL LAWS.—This subsection shall not affect the application of section 311 to discharges incidental to the normal operation of a vessel.

"(7) ESTABLISHMENT OF STATE NO-DISCHARGE ZONES.—

"(A) STATE PROHIBITION.—

"(i) IN GENERAL.—After the effective date of—

"(I) a determination under paragraph (2) that it is not reasonable and practicable to require use of a marine pollution control device regarding a particular discharge incidental to the normal operation of a vessel of the Armed Forces; or

"(II) regulations promulgated by the Secretary of Defense under paragraph (4);

if a State determines that the protection and enhancement of the quality of some or all of the waters within the State require greater environmental protection, the State may prohibit 1 or more discharges incidental to the normal operation of a vessel, whether treated or not treated, into the waters. No prohibition shall apply until the Administrator makes the determinations described in subclauses (II) and (III) of subparagraph (B)(i).

"(ii) DOCUMENTATION.—To the extent that a prohibition under this paragraph would apply to vessels of the Armed Forces and not to other types of vessels, the State shall document the technical or environmental basis for the distinction.

"(B) PROHIBITION BY THE ADMINISTRATOR.—

"(i) IN GENERAL.—Upon application of a State, the Administrator shall by regulation prohibit the discharge from a vessel of 1 or more discharges incidental to the normal operation of a vessel, whether treated or not treated, into the waters covered by the application if the Administrator determines that— Regulations.

"(I) the protection and enhancement of the quality of the specified waters within the State require a prohibition of the discharge into the waters;

"(II) adequate facilities for the safe and sanitary removal of the discharge incidental to the normal operation of a vessel are reasonably available for the waters to which the prohibition would apply; and

"(III) the prohibition will not have the effect of discriminating against a vessel of the Armed Forces by reason of the ownership or operation

by the Federal Government, or the military function, of the vessel.

"(ii) APPROVAL OR DISAPPROVAL.—The Administrator shall approve or disapprove an application submitted under clause (i) not later than 90 days after the date on which the application is submitted to the Administrator. Notwithstanding clause (i)(II), the Administrator shall not disapprove an application for the sole reason that there are not adequate facilities to remove any discharge incidental to the normal operation of a vessel from vessels of the Armed Forces.

"(C) APPLICABILITY TO FOREIGN FLAGGED VESSELS.—A prohibition under this paragraph—

"(i) shall not impose any design, construction, manning, or equipment standard on a foreign flagged vessel engaged in innocent passage unless the prohibition implements a generally accepted international rule or standard; and

"(ii) that relates to the prevention, reduction, and control of pollution shall not apply to a foreign flagged vessel engaged in transit passage unless the prohibition implements an applicable international regulation regarding the discharge of oil, oily waste, or any other noxious substance into the waters.

"(8) PROHIBITION RELATING TO VESSELS OF THE ARMED FORCES.—After the effective date of the regulations promulgated by the Secretary of Defense under paragraph (4), it shall be unlawful for any vessel of the Armed Forces subject to the regulations to—

"(A) operate in the navigable waters of the United States or the waters of the contiguous zone, if the vessel is not equipped with any required marine pollution control device meeting standards established under this subsection; or

"(B) discharge overboard any discharge incidental to the normal operation of a vessel in waters with respect to which a prohibition on the discharge has been established under paragraph (7).

The Board shall conduct the first valuation and determine a premium rate methodology not later than six months after the insurance program is established.

"(c) EFFECTS OF CHANGED BENEFITS.—If at the time of any actuarial valuation under subsection (b) there has been a change in benefits under the insurance program that has been made since the last such valuation and such change in benefits increases or decreases the present value of amounts payable from the Fund, the Board of Actuaries shall determine a premium rate methodology, and recommend to the Secretary a premium schedule, for the liquidation of any liability (or actuarial gain to the Fund) resulting from such change and any previous such changes so that the present value of the sum of the scheduled premium payments (or reduction in payments that would otherwise be made) equals the cumulative increase (or decrease) in the present value of such benefits.

"(d) ACTUARIAL GAINS OR LOSSES.—If at the time of any such valuation the Board of Actuaries determines that there has been an actuarial gain or loss to the Fund as a result of changes in actuarial assumptions since the last valuation or as a result of any differences, between actual and expected experience since the last valuation, the Board shall recommend to the Secretary a premium rate schedule for the amortization of the cumulative gain or loss to the Fund resulting from such changes in assumptions and any previous such changes in assumptions or from the differences in actual and expected experience, respectively, through an increase or decrease in the payments that would otherwise be made to the Fund.

"(e) INSUFFICIENT ASSETS.—If at any time liabilities of the Fund exceed assets of the Fund as a result of members of the Ready Reserve being ordered to active duty as described in section 12521(2) of this title, and funds are unavailable to pay benefits completely, the Secretary shall request the President to submit to Congress a request for a special appropriation to cover the unfunded liability. If appropriations are not made to cover an unfunded liability in any fiscal year, the Secretary shall reduce the amount of the benefits paid under the insurance program to a total amount that does not exceed the assets of the Fund expected to accrue by the end of such fiscal year. Benefits that cannot be paid because of such a reduction shall be deferred and may be paid only after and to the extent that additional funds become available.

"(2) A member may direct that payments of insurance benefits for a person designated under paragraph (1) be deposited with a bank or other financial institution to the credit of the designated person.

"(d) RECIPIENTS IN EVENT OF DEATH OF INSURED MEMBER.—Any insurance payable under the insurance program on account of a deceased member's period of covered service shall be paid, upon the establishment of a valid claim, to the beneficiary or beneficiaries which the deceased member designated in writing. If no such designation has been made, the amount shall be payable in accordance with the laws of the State of the member's domicile.

"§ 12531. Purchase of insurance

"(a) PURCHASE AUTHORIZED.—The Secretary may, instead of or in addition to underwriting the insurance program through the Fund, purchase from one or more insurance companies a policy or policies of group insurance in order to provide the benefits required under this chapter. SEC. 522. AUTHORITY TO AWARD DECORATIONS RECOGNIZING ACTS OF VALOR PERFORMED IN COMBAT DURING THE VIETNAM CONFLICT.

(1) The Ia Drang Valley (Pleiku) campaign, carried out by the Armed Forces in the Ia Drang Valley of Vietnam from October 23, 1965, to November 26, 1965, is illustrative of the many battles during the Vietnam conflict which pitted forces of the United States against North Vietnamese Army regulars and Viet Cong in vicious fighting.

(2) Accounts of those battles that have been published since the end of that conflict authoritatively document numerous and repeated acts of extraordinary heroism, sacrifice, and bravery on the part of members of the Armed Forces, many of which have never been officially recognized.

(3) In some of those battles, United States military units suffered substantial losses, with some units sustaining casualties in excess of 50 percent.

(4) The incidence of heavy casualties throughout the Vietnam conflict inhibited the timely collection of comprehensive and detailed information to support recommendations for awards recognizing acts of heroism, sacrifice, and bravery.

(5) Subsequent requests to the Secretaries of the military departments for review of award recommendations for such acts have been denied because of restrictions in law and regulations that require timely filing of such recommendations and documented justification.

(6) Acts of heroism, sacrifice, and bravery performed in combat by members of the Armed Forces deserve appropriate and timely recognition by the people of the United States.

(7) It is appropriate to recognize acts of heroism, sacrifice, or bravery that are belatedly, but properly, documented by persons who witnessed those acts.

(b) WAIVER OF TIME LIMITATIONS FOR RECOMMENDATIONS FOR AWARDS.—(1) Any decoration covered by paragraph (2) may be awarded, without regard to any time limit imposed by law or regulation for a recommendation for such award to any person for actions by that person in the Southeast Asia theater of operations while serving on active duty during the Vietnam era. The waiver of time limitations under this paragraph applies only in the case of awards for acts of valor for which a request for consideration is submitted under subsection (c).

(2) Paragraph (1) applies to any decoration (including any device in lieu of a decoration) that, during or after the Vietnam era and before the date of the enactment of this Act, was authorized by law or under regulations of the Department of Defense or the military department concerned to be awarded to members of the Armed Forces for acts of valor.

(2) Paragraph (1) applies to any decoration (including any device in lieu of a decoration) that, during or after the period described in paragraph (1) and before the date of the enactment of this Act, was authorized by law or under the regulations of the Department of Defense or the military department concerned to be awarded to a person for an act, achievement, or service performed by that person while serving on active duty.

(b) REVIEW OF REQUESTS FOR CONSIDERATION OF AWARDS.—(1) The Secretary of each military department shall review each request for consideration of award of a decoration described in subsection (a) that is received by the Secretary during the one-year period beginning on the date of the enactment of this Act.

(2) The Secretaries shall begin the review within 30 days after the date of the enactment of this Act and shall complete the review of each request for consideration not later than one year after the date on which the request is received.

(3) The Secretary may use the same process for carrying out the review as the Secretary uses for reviewing other recommendations for awarding decorations to members of the Armed Forces under the Secretary's jurisdiction for acts, achievements, or service.

(a) AUTHORITY TO TRANSFER AUTHORIZATIONS.—(1) Upon determination by the Secretary of Defense that such action is necessary in the national interest, the Secretary may transfer amounts of authorizations made available to the Department of Defense in this division for fiscal year 1996 between any such authorizations for that fiscal year (or any subdivisions thereof). Amounts of authorizations so transferred shall be merged with and be available for the same purposes as the authorization to which transferred.

(b) LIMITATIONS.—The authority provided by this section to transfer authorizations—

(1) may only be used to provide authority for items that have a higher priority than the items from which authority is transferred; and

(2) may not be used to provide authority for an item that has been denied authorization by Congress.

(c) EFFECT ON AUTHORIZATION AMOUNTS.—A transfer made from one account to another under the authority of this section shall be deemed to increase the amount authorized for the account to which the amount is transferred by an amount equal to the amount transferred.

SEC. 1003. IMPROVED FUNDING MECHANISMS FOR UNBUDGETED OPERATIONS.

(a) REVISION OF FUNDING MECHANISM.—(1) Section 127a of title 10, United States Code, is amended to read as follows:

"§ 127a. Operations for which funds are not provided in advance: funding mechanisms

"(a) IN GENERAL.—(1) The Secretary of Defense shall use the procedures prescribed by this section with respect to any operation specified in paragraph (2) that involves—

"(A) the deployment (other than for a training exercise) of elements of the Armed Forces for a purpose other than a purpose for which funds have been specifically provided in advance; or

"(B) the provision of humanitarian assistance, disaster relief, or support for law enforcement (including immigration control) for which funds have not been specifically provided in advance.

"(2) This section applies to—

"(A) any operation the incremental cost of which is expected to exceed $50,000,000; and

"(B) any other operation the expected incremental cost of which, when added to the expected incremental costs of other operations that are currently ongoing, is expected to result in a cumulative incremental cost of ongoing operations of the Department of Defense in excess of $100,000,000.

Any operation the incremental cost of which is expected not to exceed $10,000,000 shall be disregarded for the purposes of subparagraph (B).

"(3) Whenever an operation to which this section applies is commenced or subsequently becomes covered by this section, the Secretary of Defense shall designate and identify that operation for the purposes of this section and shall promptly notify Congress of that designation (and of the identification of the operation). Notification.

"(4) This section does not provide authority for the President or the Secretary of Defense to carry out any operation, but establishes mechanisms for the Department of Defense by which funds are provided for operations that the armed forces are required to carry out under some other authority.

"(b) WAIVER OF REQUIREMENT TO REIMBURSE SUPPORT UNITS.—(1) The Secretary of Defense shall direct that, when a unit of the Armed Forces participating in an operation described in subsection (a) receives services from an element of the Department of Defense that operates through the Defense Business Operations Fund (or a successor fund), such unit of the Armed Forces may not be required to reimburse that element for the incremental costs incurred by that element in providing such services, notwithstanding any other provision of law or any Government accounting practice.

Records.

"(2) The amounts which but for paragraph (1) would be required to be reimbursed to an element of the Department of Defense (or a fund) shall be recorded as an expense attributable to the operation and shall be accounted for separately.

"(c) TRANSFER AUTHORITY.—(1) Whenever there is an operation of the Department of Defense described in subsection (a), the Secretary of Defense may transfer amounts described in paragraph (3) to accounts from which incremental expenses for that operation were incurred in order to reimburse those accounts for those incremental expenses. Amounts so transferred shall be merged with and be available for the same purposes as the accounts to which transferred.

"(2) The total amount that the Secretary of Defense may transfer under the authority of this section in any fiscal year is $200,000,000.

"(3) Transfers under this subsection may only be made from amounts appropriated to the Department of Defense for any fiscal year that remain available for obligation, other than amounts within any operation and maintenance appropriation that are available for (A) an account (known as a budget activity 1 account) that is specified as being for operating forces, or (B) an account (known as a budget activity 2 account) that is specified as being for mobilization.

"(4) The authority provided by this subsection is in addition to any other authority provided by law authorizing the transfer of amounts available to the Department of Defense. However, the Secretary may not use any such authority under another provision of law for a purpose described in paragraph (1) if there is authority available under this subsection for that purpose.

"(5) The authority provided by this subsection to transfer amounts may not be used to provide authority for an activity that has been denied authorization by Congress.

"(6) A transfer made from one account to another under the authority of this subsection shall be deemed to increase the amount authorized for the account to which the amount is transferred by an amount equal to the amount transferred.

"(d) REPORT UPON DESIGNATION OF AN OPERATION.—Within 45 days after the Secretary of Defense identifies an operation pursuant to subsection (a)(2), the Secretary of Defense shall submit to Congress a report that sets forth the following:

"(1) The manner by which the Secretary proposes to obtain funds for the cost to the United States of the operation, including a specific discussion of how the Secretary proposes to restore balances in—

"(A) the Defense Business Operations Fund (or a successor fund), or

"(B) the accounts from which the Secretary transfers funds under the authority of subsection (c), to the levels that would have been anticipated but for the provisions of subsection (c).

"(2) If the operation is described in subsection (a)(1)(B), a justification why the budgetary resources of another department or agency of the Federal Government, instead of resources of the Department of Defense, are not being used for carrying out the operation.

"(3) The objectives of the operation.

"(4) The estimated duration of the operation and of any deployment of armed forces personnel in such operation.

"(5) The estimated incremental cost of the operation to the United States.

"(6) The exit criteria for the operation and for the withdrawal of the elements of the armed forces involved in the operation.

"(e) LIMITATIONS.—(1) The Secretary may not restore balances in the Defense Business Operations Fund through increases in rates charged by that fund in order to compensate for costs incurred and not reimbursed due to subsection (b).

"(2) The Secretary may not restore balances in the Defense Business Operations Fund or any other fund or account through the use of unobligated amounts in an operation and maintenance appropriation that are available within that appropriation for (A) an account (known as a budget activity 1 account) that is specified as being for operating forces, or (B) an account (known as a budget activity 2 account) that is specified as being for mobilization.

"(f) SUBMISSION OF REQUESTS FOR SUPPLEMENTAL APPROPRIATIONS.—It is the sense of Congress that whenever there is an operation described in subsection (a), the President should, not later than 90 days after the date on which notification is provided pursuant to subsection (a)(3), submit to Congress a request for the enactment of supplemental appropriations for the then-current fiscal year in order to provide funds to replenish the Defense Business Operations Fund or any other fund or account of the Department of Defense from which funds for the incremental expenses of that operation were derived under this section and should, as necessary, submit subsequent requests for the enactment of such appropriations.

"(g) INCREMENTAL COSTS.—For purposes of this section, incremental costs of the Department of Defense with respect to an operation are the costs of the Department that are directly attributable to the operation (and would not have been incurred but for the operation). Incremental costs do not include the cost of property or services acquired by the Department that are paid for by a source outside the Department or out of funds contributed by such a source.

"(h) RELATIONSHIP TO WAR POWERS RESOLUTION.—This section may not be construed as altering or superseding the War Powers Resolution. This section does not provide authority to conduct any military operation.

"(i) GAO COMPLIANCE REVIEWS.—The Comptroller General of the United States shall from time to time, and when requested by a committee of Congress, conduct a review of the defense funding structure under this section to determine whether the Department of Defense is complying with the requirements and limitations of this section.".

(2) The item relating to section 127a in the table of sections at the beginning of chapter 3 of such title is amended to read as follows:

"127a. Operations for which funds are not provided in advance: funding mechanisms.".

(b) EFFECTIVE DATE.—The amendment to section 127a of title 10, United States Code, made by subsection (a) shall take effect on the date of the enactment of this Act and shall apply to any

SEC. 1013. CONTRACT OPTIONS FOR LMSR VESSELS.

(a) FINDINGS.—Congress makes the following findings:

(1) A requirement for the Department of the Navy to acquire 19 large, medium-speed, roll-on/roll-off (LMSR) vessels was established by the Secretary of Defense in the Mobility Requirements Study conducted after the Persian Gulf War pursuant to section 909 of the National Defense Authorization Act for Fiscal Year 1991 (Public Law 101–510; 104 Stat. 1623) and was revalidated by the Secretary of Defense in the report entitled "Mobility Requirements Study Bottom-Up Review Update", submitted to Congress in April 1995.

(2) The Strategic Sealift Program is a vital element of the national military strategy calling for the Nation to be able to fight and win two nearly simultaneous major regional contingencies.

(3) The Secretary of the Navy has entered into contracts with shipyards covering acquisition of a total of 17 such LMSR vessels, of which five are vessel conversions and 12 are new

construction vessels. Under those contracts, the Secretary has placed orders for the acquisition of 11 vessels and has options for the acquisition of six more, all of which would be new construction vessels. The options allow the Secretary to place orders for one vessel to be constructed at each of two shipyards for award before December 31, 1995, December 31, 1996, and December 31, 1997, respectively.

(4) Acquisition of an additional two such LMSR vessels, for a total of 19 vessels (the requirement described in paragraph (1)) would contribute to preservation of the industrial base of United States shipyards capable of building auxiliary and sealift vessels.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the Secretary of the Navy should plan for, and budget to provide for, the acquisition as soon as possible of a total of 19 large, medium-speed, roll-on/roll-off (LMSR) vessels (the number determined to be required in the Mobility Requirements Study referred to in subsection (a)(1)), rather than only 17 such vessels (the number of vessels under contract as of May 1995).

(c) ADDITIONAL NEW CONSTRUCTION CONTRACT OPTION.—The Secretary of the Navy should negotiate with each of the two shipyards holding new construction contracts referred to in subsection (a)(3) (Department of the Navy contracts numbered N00024–93–C–2203 and N00024–93–C–2205) for an option under each such contract for construction of one additional such LMSR vessel, with such option to be available to the Secretary for exercise during 1995, 1996, or 1997, subject to the availability of funds authorized and appropriated for such purpose. Nothing in this subsection shall be construed to preclude the Secretary of the Navy from competing the award of the two options between the two shipyards holding new construction contracts referred to in subsection (a)(3).

(d) REPORT.—The Secretary of the Navy shall submit to the congressional defense committees, by March 31, 1996, a report stating the intentions of the Secretary regarding the acquisition of options for the construction of two additional LMSR vessels as described in subsection (c).

(B) by capitalizing the first letter of the first word of subparagraphs (A), (B), (C), and (D);

(C) by striking out the semicolon at the end of subparagraphs (A) and (B) and inserting in lieu thereof a period;

(D) by striking out "; and" at the end of subparagraph (C) and inserting in lieu thereof a period; and

(E) by adding at the end the following new subparagraph:

"(E) Expenses for maintaining the National Defense Reserve Fleet under section 11 of the Merchant Ship Sales Act of 1946 (50 U.S.C. App. 1744), and for the costs of acquisition of vessels for, and alteration and conversion of vessels

in (or to be placed in), the fleet, but only for vessels built in United States shipyards."; and

(2) in subsection (i), by inserting "(other than subsection (c)(1)(E))" after "Nothing in this section".

(b) CLARIFICATION OF EXEMPTION OF NDRF VESSELS FROM RETROFIT REQUIREMENT.—Section 11 of the Merchant Ship Sales Act of 1946 (50 U.S.C. App. 1744) is amended by adding at the end the following new subsection:

"(e) Vessels in the National Defense Reserve Fleet are exempt from the provisions of section 3703a of title 46, United States Code.".

(c) AUTHORITY TO USE NATIONAL DEFENSE SEALIFT FUND TO CONVERT TWO VESSELS.—Of the amount authorized to be appropriated in section 302 for fiscal year 1996 for the National Defense Sealift Fund under section 2218 of title 10, United States Code, not more than $20,000,000 shall be available for conversion work on the following two roll-on/roll-off vessels, which were acquired by the Maritime Administration during fiscal year 1995:

(B) DEADLINE; RELATED PROVISIONS.—An election pursuant to this paragraph—

(i) shall be made within 1 year after the effective date of the regulations under subsection (b), and

(ii) shall have the same force and effect as if it had been timely made at the time of the move,

(I) who has previously made, or had an opportunity to make, an election under section 8347(q) or 8461(n) of title 5, United States Code (as in effect before being amended by this section); however, this subclause shall not be considered to render an individual ineligible, based on an opportunity arising out of a move occurring during the period described in the second sentence of paragraph (1), if no election has in fact been made by such individual based on such move;

(II) who has not, since the move on which eligibility for the election is based, remained continuously subject (disregarding any break in service of less than 3 days) to CSRS or FERS or both seriatim (if the move was from a NAFI position) or any retirement system (or 2 or more such systems seriatim) established for employees described in section 2105(c) of such title (if the move was to a NAFI position); or

(i) IN GENERAL.—If an individual makes an election under this paragraph to be transferred back to a retirement system in which such individual previously participated (in this section referred to as the "previous system"), all individual contributions (including interest) and Government contributions to the retirement system in which such individual is then currently participating (in this section referred to as the "current system"), excluding those made to the Thrift Savings Plan or any other defined contribution plan, which are attributable to periods of service performed since the move on which the election is based, shall be paid to the fund, account, or other repository for contributions made under the previous system. For purposes of this section, the term "current system" shall be considered also to include any retirement system (besides the one in which the individual is participating at the time of making the election) in which such individual previously participated since the move on which the election is based.

(ii) CONDITION SUBSEQUENT RELATING TO REPAYMENT OF LUMP-SUM CREDIT.—In the case of an individual who has received such individual's lump-sum credit (within the meaning of section 8401(19) of title 5, United States Code, or a similar payment) from such individual's previous system, the payment described in clause (i) shall not be made (and the election to which it relates shall be ineffective) unless such lump-sum credit is redeposited or otherwise paid at such time and in such manner as shall be required under applicable regulations. Regulations to carry out this clause shall include provisions for the computation of interest (consistent with section 8334(e) (2) and (3) of title 5, United States Code), if no provisions for such computation otherwise exist.

(I) IN GENERAL.—Except as provided in subclause (II), the payment described in clause (i) shall not be made (and the election to which it relates shall be ineffective) if the actuarial present value of the future benefits that would be payable under the previous system with respect to service performed by such individual after the move on which the election under this paragraph is based and before the effective date of the election, exceeds the total amounts required to be transferred to the previous system under the preceding provisions of this subparagraph with respect to such service, as determined by the authority administering such previous system (in this section referred to as the "administrative authority").

(II) PAYMENT OF DEFICIENCY.—A determination of a deficiency under this clause shall not

(D) ALTERNATIVE ELECTION FOR AN INDIVIDUAL THEN PARTICIPATING IN FERS.—

(i) APPLICABILITY.—This subparagraph applies with respect to any individual who—

(II) would then otherwise be eligible to make an election under subparagraphs (A) through (C) of this paragraph, determined disregarding the matter in subclause (I) of subparagraph (B) before the first semicolon therein.

(ii) ELECTION.—An individual described in clause (i) may, instead of making an election for which such individual is otherwise eligible under this paragraph, elect to have all prior qualifying NAFI service of such individual treated as creditable service for purposes of any annuity under FERS payable out of the Civil Service Retirement and Disability Fund.

(iii) QUALIFYING NAFI SERVICE.—For purposes of this subparagraph, the term "qualifying NAFI service" means any service which, but for this subparagraph, would be creditable for purposes of any retirement system established for employees described in section 2105(c) of title 5, United States Code.

(iv) SERVICE CEASES TO BE CREDITABLE FOR NAFI RETIREMENT SYSTEM PURPOSES.—Any qualifying NAFI service that becomes creditable for FERS purposes by virtue of an election made under this subparagraph shall not be creditable for purposes of any retirement system referred to in clause (iii).

(v) CONDITIONS.—An election under this subparagraph shall be subject to requirements, similar to those set forth in subparagraph (C), to ensure that—

(I) appropriate transfers of individual and Government contributions are made to the Civil Service Retirement and Disability Fund; and

(II) the actuarial present value of future benefits under FERS attributable to service made creditable by such election is fully funded.

SEC. 1404. LIMITATION ON RETIREMENT OR DISMANTLEMENT OF STRATEGIC NUCLEAR DELIVERY SYSTEMS.

SEC. 1405. CONGRESSIONAL FINDINGS AND SENSE OF CONGRESS CONCERNING TREATY VIOLATIONS.

(a) REAFFIRMATION OF PRIOR FINDINGS CONCERNING THE KRASNOYARSK RADAR.—Congress, noting its previous findings with respect to the large phased-array radar of the Soviet Union known as the "Krasnoyarsk radar" stated in paragraphs (1) through (4) of section 902(a) of the National Defense Authorization Act for Fiscal Years 1988 and 1989 (Public Law 100–180; 101 Stat. 1135) (and reaffirmed in section 1006(a) of the National Defense Authorization Act for Fiscal Years 1990 and 1991 (Public Law 101–189; 103 Stat. 1543)), hereby reaffirms those findings as follows:

(1) The 1972 Anti-Ballistic Missile Treaty prohibits each party from deploying ballistic missile early warning radars except at locations along the periphery of its national territory and oriented outward.

(2) The 1972 Anti-Ballistic Missile Treaty prohibits each party from deploying an ABM system to defend its national

territory and from providing a base for any such nationwide defense.

(3) Large phased-array radars were recognized during negotiation of the Anti-Ballistic Missile Treaty as the critical long lead-time element of a nationwide defense against ballistic missiles.

(4) In 1983 the United States discovered the construction, in the interior of the Soviet Union near the town of Krasnoyarsk, of a large phased-array radar that has subsequently been judged to be for ballistic missile early warning and tracking.

(b) FURTHER REFERENCE TO 1987 CONGRESSIONAL STATEMENTS.—Congress further notes that in section 902 of the National Defense Authorization Act for Fiscal Years 1988 and 1989 (Public Law 100–180; 101 Stat. 1135) Congress also—

(1) noted that the President had certified that the Krasnoyarsk radar was an unequivocal violation of the 1972 Anti-Ballistic Missile Treaty; and

(2) stated it to be the sense of the Congress that the Soviet Union was in violation of its legal obligation under that treaty.

(c) FURTHER REFERENCE TO 1989 CONGRESSIONAL STATEMENTS.—Congress further notes that in section 1006(b) of the National Defense Authorization Act for Fiscal Years 1990 and 1991 (Public Law 101–189; 103 Stat. 1543) Congress also—

(1) again noted that in 1987 the President declared that radar to be a clear violation of the 1972 Anti-Ballistic Missile Treaty and noted that on October 23, 1989, the Foreign Minister of the Soviet Union conceded that the Krasnoyarsk radar is a violation of the 1972 Anti-Ballistic Missile Treaty; and

(2) stated it to be the sense of the Congress that the Soviet Union should dismantle the Krasnoyarsk radar expeditiously and without conditions and that until such radar was completely dismantled it would remain a clear violation of the 1972 Anti-Ballistic Missile Treaty.

(d) ADDITIONAL FINDINGS.—Congress also finds, with respect to the Krasnoyarsk radar, that retired Soviet General Y.V. Votintsev, Director of the Soviet National Air Defense Forces from 1967 to 1985, has publicly stated— Y.V. Votintsev.

(1) that he was directed by the Chief of the Soviet General staff to locate the large phased-array radar at Krasnoyarsk despite the recognition by Soviet authorities that the location of such a radar at that location would be a clear violation of the 1972 Anti-Ballistic Missile Treaty; and

(2) that Marshal D.F. Ustinov, Soviet Minister of Defense, threatened to relieve from duty any Soviet officer who continued to object to the construction of a large-phased array radar at Krasnoyarsk. D.F. Ustinov.

(e) SENSE OF CONGRESS CONCERNING SOVIET TREATY VIOLATIONS.—It is the sense of Congress that the government of the Soviet Union intentionally violated its legal obligations under the 1972 Anti-Ballistic Missile Treaty in order to advance its national security interests.

(f) SENSE OF CONGRESS CONCERNING COMPLIANCE BY RUSSIA WITH ARMS CONTROL OBLIGATIONS.—In light of subsections (a) through (e), it is the sense of Congress that the United States should remain vigilant in ensuring compliance by Russia with its

arms control obligations and should, when pursuing future arms control agreements with Russia, bear in mind violations of arms control obligations by the Soviet Union.

SEC. 1406. SENSE OF CONGRESS ON RATIFICATION OF CHEMICAL WEAPONS CONVENTION AND START II TREATY.

(a) FINDINGS.—Congress makes the following findings:

(1) Proliferation of chemical or nuclear weapons materials poses a danger to United States national security, and the threat or use of such materials by terrorists would directly threaten United States citizens at home and abroad.

(2) Events such as the March 1995 terrorist release of a chemical nerve agent in the Tokyo subway, the threatened use of chemical weapons during the 1991 Persian Gulf War, and the widespread use of chemical weapons during the Iran-Iraq War of the 1980's are all potent reminders of the menace posed by chemical weapons, of the fact that the threat of chemical weapons is not sufficiently addressed, and of the need to outlaw the development, production, and possession of chemical weapons.

George Bush.

(3) The Chemical Weapons Convention negotiated and signed by President Bush would make it more difficult for would-be proliferators, including terrorists, to acquire or use chemical weapons, if ratified and fully implemented, as signed, by all signatories.

John Shalikashvili.

(4) United States military authorities, including Chairman of the Joint Chiefs of Staff General John Shalikashvili, have stated that United States military forces will deter and respond to chemical weapons threats with a robust chemical defense and an overwhelming superior conventional response, as demonstrated in the Persian Gulf War, and have testified in support of the ratification of the Chemical Weapons Convention.

(5) The United States intelligence community has testified that the Convention will provide new and important sources of information, through regular data exchanges and routine and challenge inspections, to improve the ability of the United States to assess the chemical weapons status in countries of concern.

(6) The Convention has not entered into force for lack of the requisite number of ratifications.

(7) Russia has signed the Convention, but has not yet ratified it.

(8) There have been reports by Russian sources of continued Russian production and testing of chemical weapons, including a statement by a spokesman of the Russian Ministry of Defense on December 5, 1994, that "We cannot say that all chemical weapons production and testing has stopped altogether.".

(9) The Convention will impose a legally binding obligation on Russia and other nations that possess chemical weapons and that ratify the Convention to cease offensive chemical weapons activities and to destroy their chemical weapons stockpiles and production facilities.

(10) The United States must be prepared to exercise fully its rights under the Convention, including the request of challenge inspections when warranted, and to exercise leadership in pursuing punitive measures against violators of the Convention, when warranted.

(11) The United States should strongly encourage full implementation at the earliest possible date of the terms and conditions of the United States-Russia bilateral chemical weapons destruction agreement signed in 1990.

(12) The START II Treaty negotiated and signed by President Bush would help reduce the danger of potential proliferators, including terrorists, acquiring nuclear warheads and materials, and would contribute to United States-Russian bilateral efforts to secure and dismantle nuclear warheads, if ratified and fully implemented as signed by both parties.

(13) It is in the national security interest of the United States to take effective steps to make it more difficult for proliferators or would-be terrorists to obtain chemical or nuclear materials for use in weapons.

(14) The President has urged prompt Senate action on, and advice and consent to ratification of, the START II Treaty and the Chemical Weapons Convention.

(15) The Chairman of the Joint Chiefs of Staff has testified to Congress that ratification and full implementation of both treaties by all parties is in the United States national interest and has strongly urged prompt Senate advice and consent to their ratification.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the United States, Russia, and all other parties to the START II Treaty and the Chemical Weapons Convention should promptly ratify and fully implement, as negotiated, both treaties.

SEC. 1407. IMPLEMENTATION OF ARMS CONTROL AGREEMENTS.

(a) FUNDING.—Of the amounts appropriated pursuant to authorizations in sections 102, 103, 104, 201, and 301, the Secretary of Defense may use an amount not to exceed $239,941,000 for implementing arms control agreements to which the United States is a party.

(b) LIMITATION.—(1) Funds made available pursuant to subsection (a) for the costs of implementing an arms control agreement may not (except as provided in paragraph (2)) be used to reimburse expenses incurred by any other party to the agreement for which (without regard to any executive agreement or any policy not part of an arms control agreement)—

(A) the other party is responsible under the terms of the arms control agreement; and

(B) the United States has no responsibility under the agreement.

(2) The limitation in paragraph (1) does not apply to a use of funds to carry out an arms control expenses reimbursement policy of the United States described in subsection (c).

(c) COVERED ARMS CONTROL EXPENSES REIMBURSEMENT POLICIES.—Subsection (b)(2) applies to a policy of the United States to reimburse expenses incurred by another party to an arms control agreement if—

(1) the policy does not modify any obligation imposed by the arms control agreement;

(2) the President—

(A) issued or approved the policy before the date of the enactment of this Act; or

(B) entered into an agreement on the policy with the government of another country or approved an agreement

on the policy entered into by an official of the United States and the government of another country; and

(3) the President has notified the designated congressional committees of the policy or the policy agreement (as the case may be), in writing, at least 30 days before the date on which the President issued or approved the policy or has entered into or approved the policy agreement.

(d) DEFINITIONS.—For the purposes of this section:

(1) The term "arms control agreement" means an arms control treaty or other form of international arms control agreement.

The agency evaluates phase-one proposals on the basis of the phase-one evaluation factors set forth in the solicitation.

"(4) The contracting officer selects as the most highly qualified the number of offerors specified in the solicitation to provide the property or services under the contract and requests the selected offerors to submit phase-two competitive proposals that include technical proposals and cost or price information. (B) Conduct for 30 to 60 days of a program definition phase (funded, in the case of the source ultimately awarded the contract, by the Federal Government)—

TITLE LIV—ADDITIONAL INFORMATION RESOURCES MANAGEMENT MATTERS

SEC. 5401. ON-LINE MULTIPLE AWARD SCHEDULE CONTRACTING. 40 USC 1501.

(a) AUTOMATION OF MULTIPLE AWARD SCHEDULE CONTRACTING.—In order to provide for the economic and efficient procurement of information technology and other commercial items, the Administrator of General Services shall provide through the Federal Acquisition Computer Network (in this section referred to as "FACNET"), not later than January 1, 1998, Government-wide on-line computer

access to information on products and services that are available for ordering under the multiple award schedules. If the Administrator determines it is not practicable to provide such access through FACNET, the Administrator shall provide such access through another automated system that has the capability to perform the functions listed in subsection (b)(1) and meets the requirement of subsection (b)(2).

(b) ADDITIONAL FACNET FUNCTIONS.—(1) In addition to the functions specified in section 30(b) of the Office of Federal Procurement Policy Act (41 U.S.C. 426(b)), the FACNET architecture shall have the capability to perform the following functions:

(A) Provide basic information on prices, features, and performance of all products and services available for ordering through the multiple award schedules.

(B) Provide for updating that information to reflect changes in prices, features, and performance as soon as information on the changes becomes available.

(C) Enable users to make on-line computer comparisons of the prices, features, and performance of similar products and services offered by various vendors.

(2) The FACNET architecture shall be used to place orders under the multiple award schedules in a fiscal year for an amount equal to at least 60 percent of the total amount spent for all orders under the multiple award schedules in that fiscal year.

(c) STREAMLINED PROCEDURES.—

(1) PILOT PROGRAM.—Upon certification by the Administrator of General Services that the FACNET architecture meets the requirements of subsection (b)(1) and was used as required by subsection (b)(2) in the fiscal year preceding the fiscal year in which the certification is made, the Administrator for Federal Procurement Policy may establish a pilot program to test streamlined procedures for the procurement of information technology products and services available for ordering through the multiple award schedules.

(2) APPLICABILITY TO MULTIPLE AWARD SCHEDULE CONTRACTS.—Except as provided in paragraph (4), the pilot program shall be applicable to all multiple award schedule contracts for the purchase of information technology and shall test the following procedures:

(A) A procedure under which negotiation of the terms and conditions for a covered multiple award schedule contract is limited to terms and conditions other than price.

(B) A procedure under which the vendor establishes the prices under a covered multiple award schedule contract and may adjust those prices at any time in the discretion of the vendor.

(C) A procedure under which a covered multiple award schedule contract is awarded to any responsible offeror that—

(i) has a suitable record of past performance, which may include past performance on multiple award schedule contracts;

(ii) agrees to terms and conditions that the Administrator determines as being required by law or as being appropriate for the purchase of commercial items; and

(iii) agrees to establish and update prices, features, and performance and to accept orders electronically through the automated system established pursuant to subsection (a).

(3) COMPTROLLER GENERAL REVIEW AND REPORT.—(A) Not later than three years after the date on which the pilot program is established, the Comptroller General of the United States shall review the pilot program and report to the Congress on the results of the pilot program.

(B) The report shall include the following:

(i) An evaluation of the extent to which there is competition for the orders placed under the pilot program.

(ii) The effect that the streamlined procedures under the pilot program have on prices charged under multiple award schedule contracts.

(iii) The effect that such procedures have on paperwork requirements for multiple award schedule contracts and orders.

(iv) The impact of the pilot program on small businesses and socially and economically disadvantaged small businesses.

(4) WITHDRAWAL OF SCHEDULE OR PORTION OF SCHEDULE FROM PILOT PROGRAM.—The Administrator may withdraw a multiple award schedule or portion of a schedule from the pilot program if the Administrator determines that (A) price competition is not available under such schedule or portion thereof, or (B) the cost to the Government for that schedule or portion thereof for the previous year was higher than it would have been if the contracts for such schedule or portion thereof had been awarded using procedures that would apply if the pilot program were not in effect. The Administrator shall notify Congress at least 30 days before the date on which the Administrator withdraws a schedule or portion thereof under this paragraph. The authority under this paragraph may not be delegated. Notification.
